INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
The Academy Charter School

Report on the Financial Statements

We have audited the accompanying financial statements of The Academy Charter School, which comprises the statement of financial position as of June 30, 2014, and the related statements of activities, cash flow and functional expenses for year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Academy Charter School as of June 30, 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited The Academy Charter School's 2013 financial statements, and our report dated September 30, 2013, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2014, on our consideration of The Academy Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Academy Charter School's internal control over financial reporting and compliance.

THE ACADEMY CHARTER SCHOOL
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

1. Organization

The Academy Charter School (“The School”), a 501 (c) (3) tax-exempt organization, is a public charter school located in Hempstead, New York. The School opened in February 2009 and commenced operating classes for kindergarten through second grade in September 2009, and added third, fourth, fifth and sixth grade classes in 2010, 2011, 2012 and 2013. The School’s charter was renewed in 2014 for an additional five years. The mission of the school is to offer an interdisciplinary curriculum in a technology rich environment that challenges students to explore connections across subjects and use experiential learning to bridge the gaps between theory and practice. Enrollment is open to all potential student candidates, with those residing in the immediate area given first preference.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America.

b) Cash and Cash Equivalents

The School maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The School has not experienced any losses in such accounts. The School believes it is not exposed to significant credit risk on cash and equivalents.

For purposes of the statement of cash flows, the School considers all highly liquid debt instruments purchased with maturity of three months or less to be cash equivalents.

c) Grants and Contracts Receivable

Unconditional promises to give that are expected to be collected within one year are recorded as grants and contribution receivable at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows.

THE ACADEMY CHARTER SCHOOL
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

2. Summary of Significant Accounting Policies (Continued)

c) Grants and Contracts Receivable (Continued)

The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Conditional promises to give are not included as support until the conditions are substantially met.

d) Financial Statement Presentation

The School is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

- i) Unrestricted net assets – Net assets that are not subject to grantor or donor-imposed stipulations.
- ii) Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the School and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. There are no temporarily restricted net assets at June 30, 2014.
- iii) Permanently restricted net assets – Net assets subject to grantor or donor-imposed stipulations that they be maintained permanently by the School to use all or part of the assets for general or specific purposes. There are no permanently restricted net assets at June 30, 2014.

Furthermore, information is required to segregate program service expenses from support expenses.

e) Donated Services

No amounts are reflected in the financial statements for donated services, as the services do not meet the specialized skill requirements prescribed under accounting principles generally accepted in the United States of America.

THE ACADEMY CHARTER SCHOOL
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

2. Summary of Significant Accounting Policies (Continued)

f) Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted net assets depending on the existence or nature of any donor restrictions.

g) Property and Equipment

Purchase of property and equipment are capitalized at cost. Donated assets are capitalized at the estimated fair value at date of receipt. The cost of maintenance and repairs is charged to expense as incurred; significant improvements are capitalized. The School capitalizes additions and significant improvements in excess of \$500. Depreciation is computed using the straight-line method over estimated useful lives of 3 to 7 years.

h) Construction in Progress

All applicable direct and indirect costs are capitalized as property costs during the construction period. No provision for depreciation is made on construction in progress until the assets are placed in service. Costs incurred after the property is substantially complete and ready for its intended use will be charged to operations.

i) Revenue Recognition

Revenue from the state and local government resulting from its charter school status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the School when qualifying expenditures are incurred and billable. Funds received in advance for which qualifying expenditures have not been incurred are reflected as refundable advances from state and local government grants in the accompanying statement of financial position.

THE ACADEMY CHARTER SCHOOL
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

2. Summary of Significant Accounting Policies (Continued)

j) Income Taxes

In December 2010 The School filed and received approval of its application for tax exempt status from the Internal Revenue Service under section 501(c)(3) of the Internal Revenue code and has been classified as a publicly supported organization as described in Internal Revenue Code section 509 (A)(1) and 170 (B)(1)(A)(II).

Management believes that the organization has no uncertain tax positions that would require financial statement recognition.

k) Comparative Financial Information

The June 30, 2014 financial statements include certain prior year summarized comparative information in total but not by net asset class. In addition, only certain of the notes to the financial statements for June 30, 2013 are presented. As a result, the June 30, 2013 comparative information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such June 30, 2013 information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2013, from which the summarized information was derived.

l) Estimates

The preparation of financial statements in conformity with principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

m) Deferred Expenses

Closing costs are amortized on the straight-line method over the life of the related bonds as indicated in note 8.

THE ACADEMY CHARTER SCHOOL
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

3. Restricted Cash

Under the provisions of its charter, the School established a bank account to pay for any legal and audit expenses that would be associated with dissolution, should it occur.

4. Property and Equipment

At June 30, 2014 and 2013, property and equipment consisted of the following:

	<u>2014</u>	<u>2013</u>	Estimated Useful <u>Life</u>
Building	\$ 7,110,000	\$ 4,950,000	39.5 years
Land	790,000	550,000	-

Depreciation expense for the years ended June 30, 2014 and 2013 was \$509,567 and \$466,949.

5. Accrued Expenses

Accrued expenses consist primarily of amounts due to staff for payroll earned during the school year but paid out over the summer months.

6. Pupil Enrollment and Other Revenues From Government Agencies

Under the Charter School Agreement and the Charter Schools Act, the School is entitled to receive funding from governmental sources that are available to public schools. The calculation of the amounts to be paid to the School under these programs is determined by the State, and is based on complex laws and regulations, enrollment levels, and economic information related to the home school districts of the children enrolled in the School.

THE ACADEMY CHARTER SCHOOL
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

6. Pupil Enrollment and Other Revenues From Government Agencies (Continued)

If these regulations, some of which are relatively new in the State of New York, were to change, or other factors included in the calculations were to change, the level of funding that the School receives could vary significantly.

The amounts are based upon actual amounts received as well as estimates by the management based upon the best information available at the time. However, actual amounts received, as determined by the funding source, could vary based on changes in the factors used to calculate the amounts owed.

7. Defined Contribution Plan

The School offers a 401(k) plan for all employees. Employees are eligible for the plan immediately upon employment and participation in the plan is voluntary. Employees can make pretax contributions up to a maximum of 100% of their annual compensation, subject to IRS restrictions. The School matches the employee contribution up to 4% of the employee's annual compensation. The School's contribution recognized in the statement of activities was \$90,379 and \$80,254 for the years ended June 30, 2014 and 2013. Plan assets are held in a separate trust and are not included in the accompanying financial statements. All plan assets are held for the exclusive benefit of the Plan's participants and beneficiaries.

8. Deferred Expenses

At June 30, 2014 and 2013, deferred expenses consisted of the following:

The School participates in a number of federal and state programs. These programs require that the School comply with certain requirements of laws, regulations, contracts, and agreements applicable to the programs in which it participates. All funds expended in connection with government grants and contracts are subject to audit by government agencies. While the ultimate liability, if any, from such audits of government and contracts by government agencies is presently not determinable, it should not, in the opinion of the management, have a material effect on the financial position or results of operations. Accordingly, no provision for any such liability that may result has been made in the accompanying financial statements.

13. Construction Contract

The School entered into a Construction Contract Agreement in the amount of \$6,974,808, including changes orders, to construct, renovate and equip of the acquired building for classroom expansions. At June 30, 2014, \$4,775,110 of costs has been incurred.

14. Subsequent Events

Management has evaluated subsequent events through October 30, 2014, the date that financial statements were available to be issued. No significant subsequent events have been identified that would require adjustment or disclosure in the accompanying financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of
The Academy Charter School

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Academy Charter School, which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 30, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered The Academy Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Academy Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of The Academy Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Academy Charter School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
