INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Bronx Charter School for Excellence

Report on the Financial Statements

We have audited the accompanying financial statements of Bronx Charter School for Excellence which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bronx Charter School for Excellence as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Bronx Charter School for Excellence's June 30, 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 22, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Report Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 20, 2020 on our consideration of Bronx Charter School for Excellence's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bronx Charter School for Excellence's internal control over financial reporting and compliance.

Emphasis of Matters with Respect to Change of Accounting Methods

As discussed in Note A to the financial statements, in 2020, Bronx Charter School for Excellence adopted new accounting guidance for recognition of revenue, contributions received and statement of cash flow presentation. Our opinion is not modified with respect to these matters.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020

(With Comparative Totals for 2019)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Bronx Charter School for Excellence (the “Charter School”) is an educational corporation operating as a charter school in the borough of the Bronx, New York. On April 29, 2003, the Board of Regents of the University of the State of New York granted Bronx Charter School for Excellence (“Bronx Excellence 1”) a provisional charter valid for a term of five years and renewable upon expiration. In March 2009, January 2014 and March 2019, Bronx Excellence 1 was awarded a full-term, five-year charter renewal through July 31, 2024. Bronx Excellence 1 was established to prepare young people from New York City to compete for admission to, and succeed in, top public, private and parochial schools by cultivating their intellectual, artistic, social, emotional and ethical development. Bronx Excellence 1 offers a challenging and rigorous academic curriculum which, at the earliest of grades, has an eye towards college preparation for grades first through eighth.

On November 2, 2015, the Board of Regents of the University of the State of New York amended the charter agreement permitting an additional school to be opened by the Charter School. During the 2016 fiscal year, the Charter School added Bronx Charter School for Excellence 2 (“Bronx Excellence 2”) under its expanded charter. Bronx Excellence 2 has the authority to operate through July 31, 2021. Bronx Excellence 2 was established to provide its students with a solid foundation for academic success, through achievement that exceeds citywide averages and meets or exceeds New York State Standards and national norms in all curriculum areas tested, especially in mathematics and language arts.

On March 24, 2017, the Board of Regents of the University of the State of New York amended the charter agreement permitting an additional 3 schools to be opened by the Charter School, Bronx Charter School for Excellence 3, 4, and 5. These three charter schools have authority to operate through July 31, 2022. These charter schools were established to provide its students with a solid foundation for academic success, through achievement that exceeds citywide averages and meets or exceeds New York State Standards and national norms in all curriculum areas tested, especially in mathematics and language arts.

The accompanying financial statements include the accounts of Bronx Excellence 1, Bronx Excellence 2, Bronx Excellence 3, Bronx Excellence 4 and Bronx Excellence 5 (collectively referred to as the “Charter School”). All intercompany balances and transactions have been eliminated in the accompanying financial statements.

Classification of net assets

To ensure observance of limitations and restrictions placed on the use of resources available to the Charter School, the accounts of the Charter School are maintained in accordance with the principles of accounting for not-for-profit organizations. This is the procedure by which resources are classified for reporting purposes into net asset groups, established according to their nature and purpose. Accordingly, all financial transactions have been recorded and reported by net asset group.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2020

(With Comparative Totals for 2019)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

The assets, liabilities, activities, and net assets are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Board of Trustees has discretionary control to use these in carrying on operations in accordance with the guidelines established by the Charter School.

Net Assets With Donor Restrictions

Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Charter School had no net assets with donor restrictions at June 30, 2020 or 2019.

Revenue and support recognition

Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Charter School records substantially all revenues over time as follows:

Public school district revenue

The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Charter School and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter, and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

The following table summarizes contract balances at their respective statement of financial position dates:

	<u>June 30,</u>		
	<u>2020</u>	<u>2019</u>	<u>2018</u>
Accounts receivable (gross of allowance for doubtful accounts)	\$ 337,533	\$ 12,362	\$ 411,739

Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

All donor-restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position and amounted to \$49,782 and \$79,184 at June 30, 2020 and 2019, respectively. The Charter School received cost-reimbursement grants of approximately \$57,600 and \$43,103 that have not been recognized at June 30, 2020 and 2019, respectively, because qualifying expenditures have not yet been incurred.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Cash and cash equivalents

Cash and cash equivalent balances are maintained at financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. The Charter School considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents. Cash equivalents consist of money market accounts. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash and cash equivalents.

Cash in escrow

The Charter School maintains cash in an escrow account in accordance with the terms of its charter agreement. The amount in escrow was \$300,000 and \$225,000 at June 30, 2020 and 2019, respectively.

Grants and contracts receivable

Grants and contracts receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2020 or 2019.

Property and equipment

Property and equipment are recorded at cost. The Charter School capitalizes all purchases of fixed assets in excess of \$5,000. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from 4 to 39 years. Prior to the bond issuance (Note H), leasehold improvements at Bronx Excellence 1 were amortized over the shorter of the estimated useful life of the asset or the remaining term of the related lease. These improvements are continuing to be amortized over the originally calculated life. All other leasehold improvements are being amortized over the shorter of the estimated useful life of the asset or the remaining term of the related lease.

Bond issuance costs

Bond issuance costs, which consist of deferred financing charges, are stated at cost and are amortized over the term of the bonds which vary from 5 to 30 years through various dates up to April 2043. The Charter School shows bond issuance costs as a deduction from the carrying amount of bonds payable, net on the accompanying statement of financial position.

Deferred revenue

The Charter School records grant revenue as deferred revenue until it is expended for the purpose of the grant, at which time it is recognized as revenue.

Deferred lease liability

The Charter School leases certain facilities. The leases contain pre-determined fixed escalation of the base rent. In accordance with GAAP, the Charter School recognizes the related rent expense on a straight-line basis over the lease term and records the difference between the recognized rental expense and the amounts payable under the leases as a deferred lease liability.

Investments - restricted

Restricted investments consist of cash equivalents held for debt service and capitalized interest.

Investment income includes interest, recorded on an accrual basis, dividends, net realized gains and losses, and net unrealized gains and losses, resulting from the change in prevailing market value of investments. Purchase and sales of investments are recorded on a trade-date basis.

Tax exempt status

The Charter School is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2017 through June 30, 2020 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

Contributed services

The Charter School receives contributed services from volunteers to develop its academic program and to serve on the Board of Trustees. In addition, the Charter School received donated transportation services, metro cards, funding for free and reduced-cost breakfasts, lunches and snacks, special education services and physical, occupational, and speech therapy that was also provided for the students from the local district. The Charter School is not able to determine a value for these services.

The Charter School received contributed legal services which were valued at \$25,130 for the year ended June 30, 2020. These amounts are included in contributed goods and services in the accompanying statement of activities and changes in net assets. There were no contributed legal services received for the year ended June 30, 2019.

In-kind contributions

Gifts and donations other than cash are recorded at fair market value at the date of contribution.

The Charter School received contributed property and equipment which was valued at \$5,193 for the year ended June 30, 2020. These amounts are included contributed goods and services in the accompanying statement of activities and changes in net assets. There were no contributed property and equipment received for the year ended June 30, 2019.

Marketing and recruiting costs

The Charter School expenses marketing and recruiting costs as they are incurred. Total marketing and recruiting costs approximated \$24,000 and \$37,200 for the years ended June 30, 2020 and 2019, respectively.

Comparatives for year ended June 30, 2019

The financial statements include certain prior year summarized comparative information in total but not by functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Charter School's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

Adoption of new accounting standards

Revenue from contracts with customers

In May 2014, the Financial Accounting Standards Board ("FASB") issued a new standard related to revenue recognition. Under the standard, revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services. For nonpublic entities, the guidance in this new standard is effective for annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019. The Charter School adopted ASC 606 with the date of initial application of July 1, 2019.

The Charter School applied ASC 606 using the cumulative effect method, which generally requires the recognition of the cumulative effect of initially applying the new guidance as an adjustment to the opening balance of net assets, at July 1, 2019. There was no adjustment to the opening balance of net assets at July 1, 2019, as a result of this new accounting standard. In addition, the comparative information has not been adjusted and continues to be reported under existing revenue guidance. The Charter School does not expect the adoption of the new revenue standard to have a material impact on its income on an ongoing basis.

As part of the adoption of ASC 606, the Charter School elected to use the following transition practical expedients: (1) all contract modifications that occurred prior to the date of initial application when identifying the satisfied and unsatisfied performance obligation, determining the transaction price, and allocating the transaction price have been reflected in the aggregate; and (2) ASC 606 is applied only to contracts that are not completed at the initial date of application. Because contract modifications are minimal, there is not a significant impact as a result of electing these practical expedients.

Contributions received and contributions made

In June 2018, FASB issued Accounting Standards Update (ASU) 2018-08, "Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made". ASU 2018-08 assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. For most resource recipients, this standard is effective for annual reporting periods beginning after December 15, 2018. The Charter School adopted the provisions of ASU 2018-08 applicable to contributions received with a date of initial application of July 1, 2019 under a modified prospective basis. Accordingly, there is no effect on net assets.

Statement of cash flows

In November 2016, the FASB issued new guidance related to the statement of cash flows (ASC 230), which requires entities to include restricted cash in the reconciliation of the beginning-of-year to the end-of-year of cash in the statement of cash flows. ASC 230 is effective for annual reporting periods beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. The Charter School adopted this standard as of July 1, 2019 using the retrospective transition method.

New accounting pronouncement - leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use (“ROU”) assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School’s financial position or results of operations.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 20, 2020, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted, except as disclosed in Note D.

NOTE B: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of teaching, and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a surplus budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Charter School's cash and shows positive cash generated by operations for fiscal year 2020 and 2019.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following at June 30, 2020 and 2019:

	June 30,	
	<u>2020</u>	<u>2019</u>

NOTE G: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE G: FAIR VALUE MEASUREMENTS, Cont'd

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at June 30, 2020 or 2019 :

Cash and cash equivalents, commercial paper, and money market funds: Fair value equals cost.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Charter School believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy; the Charter School's restricted investment assets measured at fair value on a recurring basis as of June 30, 2020 and 2019:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
<u>June 30, 2020:</u>

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the risk associated with investment securities, it is at least reasonably possible that changes in risk could materially affect the accompanying financial statements.

NOTE H: BONDS PAYABLE

During April 2013, Build NYC Resource Corporation issued \$23,310,000 in principal amount of Tax-Exempt Fixed Rate Revenue Bonds ("Series A") and \$690,000 in principal amount of Taxable Fixed Rate Revenue Bonds ("Series B"). Proceeds from the sale included a premium of \$2,111,744, which is being amortized over the life of the bond issue. The proceeds of the bonds were made available to the Charter School pursuant to a special agreement with Build NYC Resource Corporation. The remaining proceeds were used to construct additional schools and for renovation of the current school facilities.

NOTE H: BONDS PAYABLE, Cont'd

The bonds are secured by the assets and certain revenue of the Charter School. Additionally, the Charter School Financing Partnership, an organization established to provide access to secondary market financing for charter schools that serve disadvantaged students and communities, has provided funds amounting to \$1,540,000 to be held by the trustee in a Debt Reserve account as additional security. This amount is included in restricted investments in the statement of financial position. The Charter School is obligated to pay an annual fee equal to 0.14% of the bonds outstanding principal amount as of March 31st each year, for the use of these funds as security. The funds are to be repaid to the Charter School Financing Partnership upon expiration of the bonds.

In accordance with the loan agreement, the proceeds from the sale of the revenue bonds were placed in a Project Fund, maintained by U.S. Bank. The trustee is to use the monies in this fund to make payments to or on behalf of the Charter School to pay for the costs of the project upon receipt of written requisitions. Any monies remaining in the Project Fund will be transferred to the Redemption Account of the Bond Fund, to be applied by the trustees towards the redemption of the bonds. At June 30, 2020 and 2019, the unexpended balance was \$78,941 and \$78,827, which is included in restricted investments.

The Charter School is subject to certain loan covenants which require the Charter School to maintain specified cash on hand, debt service coverage ratio and limitations on further indebtedness. The Charter School is in compliance with all loan covenants as of June 30, 2020 and 2019.

Total issuance costs of approximately \$1,621,000 are being amortized over the life of the bonds. Amortization expense of \$82,539 and \$86,881 was recorded and is recognized in interest expense for the years ended June 30, 2020 and 2019, respectively. The Charter School incurred net interest expense of \$1,067,759 and \$1,085,856 for the years ended June 30, 2020 and 2019, respectively which is recognized in the statement of activities and changes in net assets.

NOTE I: RETIREMENT PLAN

The Charter School sponsors a defined contribution 403(b) plan covering all eligible employees. The Charter School matches up to 5% of each employee's annual compensation not to exceed the employee's salary deferral amount. The Charter School may also elect to make additional contributions to the plan on a discretionary basis. The Charter School made contributions of approximately \$329,700 and \$130,300 for the years ended June 30, 2020 and 2019, respectively.

NOTE J: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE M: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort.

NOTE N: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Charter School's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Charter School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

NOTE O: RENEWAL PROCESS

Bronx Excellence 2 is currently in the process of renewing its charter by the New York State Board of Regents. The Charter currently expires July 31, 2021. The renewal process includes review by the State University of New York Charter Schools Institute (CSI) of various operational and governance aspects, including fiscal health and internal controls, board governance, and academic performance. Bronx Excellence 2 has submitted its application for renewal. Upon review of the application and results, CSI will determine if the charter should be renewed and if so, for how long. Successful charter renewals can range from one to five years. At this time, management of Bronx Excellence 2 expects the charter to be renewed.

INDEPENDENT AUDITOR'S REPORT ON OTHER FINANCIAL INFORMATION

Board of Trustees
Bronx Charter School for Excellence

We have audited the financial statements of Bronx Charter School for Excellence as of and for the year ended June 30, 2020, and have issued our report thereon dated October 20, 2020, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The financial information hereinafter is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2020, as a whole.
