Report on the Financial Statements

We have audited the accompanying financial statements of Success Academy Charter Schools - NYC (SACS-NYC), which comprise the statement of financial position as of June 30, 2020, the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Success Academy Charter Schools - NYC as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the financial statements of SACS-NYC as of and for the year ended June 30, 2019, and our report, dated October 31, 2019, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements, and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and to other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2020 on our consideration of the SACS-NYC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the SACS-NYC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the SACS-NYC's internal control over financial reporting and compliance.

Success Academy Charter Schools - NYC

Notes to Financial Statements

1. Description of School

Success Academy Charter Schools - NYC (SACS-NYC) is a New York State, not-for-profit educational corporation that was incorporated on March 11, 2008 to operate a charter school pursuant to Article 56 of the Education Law of the State of New York. SACS-NYC schools are granted provisional charters valid for a term of five years and renewable upon expiration by the Board of Regents of the University of the State of New York. SAC-NYC is dedicated to providing a high-quality education to primarily disadvantaged students to narrow the achievement gap.

Success Academy Charter School - Harlem 1, Success Academy Charter School - Harlem 2, Success Academy Charter School - Harlem 3, Success Academy Charter School - Harlem 4 and Success Academy Charter School - Harlem 5 merged into a single legal entity under Success Academy Charter School - Harlem 3, which serves as the sole surviving education corporation. The plan of merger was approved by the Board of Trustees of the State University of New York and the New York State Education Department Board of Regents and became effective for financial purposes on October 1, 2012. Success Academy Charter School - Harlem 3 changed its name to Success Academy Charter Schools - NYC, and each school is authorized by The Charter Schools Institute of the State University of New York.

Success Academy Charter School - Bronx 1, Success Academy Charter School - Bronx 2, Success Academy Charter School - Upper West, Success Academy Charter School - Bed Stuy, Success Academy Charter School - Bed Stuy 2, Success Academy Charter School - Cobble Hill and Success Academy Charter School - Williamsburg merged into SACS-NYC, which serves as the sole surviving education corporation. The plan of merger, dated September 20, 2013, was approved by SACS-NYC's Board of Trustees and is effective July 1, 2014. Pursuant to the effective date, all schools ceased to exist as legal entities and all schools' operations are under SACS-NYC. The merger was approved by the New York State Board of Regents and the Charter Schools Institute of the State University of New York on February 26, 2014.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of SACS-NYC have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Financial Statement Presentation

The classification of a not-for-profit organization's net assets and its support, revenue and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of two classes of net assets—with and without donor restrictions—be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities.

Income from investment gains and losses, including unrealized gains and losses, dividends, interest and other investment income, net of direct internal and external investment expenses, should be reported as increases (or decreases) in net assets without donor restrictions, unless the use of the income received is limited by donor-imposed restrictions.

These classes are defined as follows:

Without Donor Restrictions - This class consists of net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of SACS-NYC. These net assets may be used at the discretion of SACS-NYC's management and the Board of Trustees.

With Donor Restrictions - This class consists of net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of SACS-NYC or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated that the funds be maintained in perpetuity. Donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

As of June 30, 2020, the SACS-NYC had no assets with donor restrictions.

Cash and Cash Equivalents

SACS-NYC considers highly liquid investments with original maturities of 90 days or less to be cash and cash equivalents. SACS-NYC has not experienced any losses on these accounts. Under the provisions of its charter, SACS-NYC established an escrow account to pay for legal and audit expenses that would be associated with a dissolution should it occur.

Receivables

Receivables are recorded at their net realizable values, based upon an estimated allowance for doubtful accounts. All of SACS-NYC's grant, contract, and other receivables are expected to be collected within one year.

Success Academy Charter Schools - NYC

Notes to Financial Statements

Provision for Doubtful Accounts

SACS-NYC maintains an allowance for doubtful accounts for the receivables that are specifically identified by management as to their uncertainty in regard to collectability. At June 30, 2020, management determined that no estimated allowance would be recorded. All of the SACS- NYC's short-term receivables are expected to be collected within one year.

Fixed Assets

Fixed assets are recorded at cost. Additions and improvements or betterments in excess of \$2,500 with an estimated useful life of three or more years are capitalized. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets. Fixed assets acquired with certain government contract funds are recorded as expenses, pursuant to the terms of the contract. The estimated useful lives of the assets are as follows:

	Years
Equipment	3
Furniture and fixtures	3
Software	3
Renovations and improvements	Useful life or lease term, whichever is shorter

Asset Impairment

SACS-NYC reviews long-lived assets, including equipment, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. As of June 30, 2020, there was no such loss.

Revenue Recognition

Per-pupil Revenue

SACS-NYC recognizes revenues from per-pupil funding in the fiscal year in which the academic programs are provided. Per-pupil revenue is billed and received based on the total number of FTE students and the basic charter school tuition rate for the school district of residence of the students attending SACS-NYC in any given fiscal year for general education and special education. The FTE is formula-driven and based on the number of days the student has been with SACS-NYC as a proportion of the number of days in the entire school year (the calculation is done by using the New York State calculator online). SACS-NYC's total student population includes general education and special education students. SACS-NYC has determined that revenue from its students has the same performance obligations, types of contract and services rendered. As a result, the student body is viewed as one customer base for revenue purposes. SACS-NYC uses a portfolio approach to account for per-pupil contracts as a collective group rather than recognizing revenue on an individual-contract basis. SACS-NYC believes that revenue recognized by utilizing the portfolio approach approximates the revenue that would have been recognized if an individual contract approach were used.

Success Academy Charter Schools - NYC

Notes to Financial Statements

Per-pupil invoicing is managed on a bi-monthly basis to the funding source (local school district). Billing is a function of student enrollment for the upcoming fiscal year, which is the basis for the first two invoices per-pupil due June 1st and July 31st, which is a projection. Subsequent invoices are due bi-monthly. With the implementation of an automated-invoicing process through a dedicated website, the submission of each invoice is done online. After the year is complete, SACS-NYC submits the FTE per-pupil reconciliation, listing every student who attended any part of the year, and the FTE each represents. Based on this final count, it calculates how much should have been paid to SACS-NYC, and included in the reconciliation will be any amounts due from the funding source included in accounts receivable at year end or any amounts payable to the funding source included in accounts payable at year end as amounts are trued up to actual based on actual numbers submitted at year end. This year-end FTE reconciliation will be prepared subsequent to the year-end date and any payable or receivable created as a result of the FTE reconciliation is incorporated into the next years' payment schedule to achieve a final settlement for the year.

Additional funding is also provided to support special education services. All students who are identified to need special education services or settings have an Individualized Education Program (IEP), formalized for his or her unique needs. Based on this IEP, the student is categorized into one of three levels of service; 0-20% service, 20-60% service, or 60% or more service required and provided by SACS-NYC. For a student receiving less than 20% in services, no additional funding is received. For a student receiving services between 20% and 60% and 60% or more services of the school day, additional funding per FTE is received. Billing for this support is incorporated into the per-pupil invoices and is also settled in the same FTE per-pupil reconciliation process.

As the students receive the benefit of these services simultaneously as SACS-NYC is providing them, SACS-NYC recognizes per-pupil revenue from these services over time. SACS-NYC believes that this method provides a reasonable depiction of the transfer of services over the term of the performance obligation based on the services needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to students receiving academic or school services. SACS-NYC measures the performance obligation from admission or enrollment into the school to the point when the student is discharged or the end of the school year where it is no longer required to provide services to the student, which is generally at the time of discharge or the completion of the school year. All these services are bundled and considered a single-performance obligation, as such, SACS-NYC accounts for these bundled-performance obligations under state and local per-pupil operating revenue in the statement of activities and recognizes the per-pupil revenue over time.

Government Grants

Revenue from federal, state and local government grants and contracts is recognized by SACS-NYC when qualifying expenditures are incurred and billable to the government, or when required services have been provided.

Contract Assets and Contract Liabilities

In accordance with Accounting Standards Codification (ASC) 606, contract assets are to be recognized when an entity has the right to receive consideration in exchange for goods or services that have been transferred to a customer when that right is conditional on something other than the passage of time. SACS-NYC does not recognize contract assets, as the right to receive consideration is unconditional in accordance with the passage of time criteria. Also, in accordance with ASC 606, contract liabilities are to be recognized when an entity is obligated to transfer goods or services for which consideration has already been received. SACS-NYC does not receive

Success Academy Charter Schools - NYC

Notes to Financial Statements

consideration prior to the transfer of goods or services and, therefore, does not recognize contract liabilities.

Functional Allocation of Expenses

The costs of providing programs and other activities have been summarized on a functional basis in the accompanying statement of activities. Accordingly, certain costs have been allocated among the respective programs and activities according to the functional categories, as follows:

Program Services - This category represents expenses related to general education and special education for certain students requiring additional attention and guidance. These costs are allocated based on the FTE allocation method.

Management and General - This category represents expenses related to the overall administration and operation of SACS-NYC that are not specific to any program services or development. These costs are allocated based on the FTE allocation method.

Income Taxes

SACS-NYC is exempt from federal, state and local income taxes under Section 501(c)(3) of the Internal Revenue Code (the IRC) and, therefore, has made no provision for income taxes in the accompanying financial statements. In addition, SACS-NYC has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of Section 509(a) of the IRC. There was no unrelated business income for the year ended June 30, 2020.

Under U.S. GAAP, an organization must recognize the tax benefit associated with tax positions taken for tax-return purposes when it is more likely than not that the position will not be sustained upon examination by a taxing authority. SACS-NYC does not believe it has taken any material uncertain tax positions and, accordingly, it has not recorded any liability for unrecognized tax benefits. SACS-NYC is subject to routine audits by a taxing authority. As of June 30, 2020, SACS-NYC was not subject to any examination by a taxing authority.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Concentration of Credit Risk

SACS-NYC maintains cash and cash equivalent balances in bank deposit accounts, which may exceed federally insured limits. SACS-NYC has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on its cash and cash equivalent accounts.

Comparative Financial Information

The financial statements include certain prior-year summarized comparative information. With respect to the statement of activities, the prior-year information is presented in total, not by net asset information. With respect to the statement of functional expenses, the prior-year expenses

Success Academy Charter Schools - NYC

Notes to Financial Statements

are presented by expense classification in total rather than functional category. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the SACS-NYC's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

Recently Adopted Accounting Pronouncements

Revenue from Contracts with Customers (Topic 606)

SACS-NYC adopted Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (Topic 606), as of July 1, 2019 using the modified-retrospective approach. This guidance requires an entity to recognize revenue to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. SACS-NYC revenue is derived primarily from per-pupil revenue for services provided to students. Per-pupil revenues are recognized as revenue over the course of the academic school year or program for which it is earned. The adoption of ASU 2014-09 did not result in a material change to the timing of when revenue is recognized.

Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made

In June 2018, the Financial Accounting Standards Board (FASB) issued ASU 2018-08, *Not-For-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The update clarifies and improves current guidance by providing criteria for determining whether the resource provider is receiving commensurate value in return for the resources transferred, which, depending on the outcome, determines whether SACS-NYC follows contribution guidance or exchange-transactions guidance in the revenue recognition and other applicable standards. The update also provides a more robust framework for determining whether a contribution is conditional or unconditional, and for distinguishing a donor-imposed condition from a donor-imposed restriction. The guidance is effective for the SACS-NYC's fiscal year 2020, and the adoption of this update did not have a material impact on the SACS-NYC's financial statements.

Recent Accounting Pronouncements Issued but Not Yet Adopted

Leases

On February 25, 2016, the FASB issued ASU 2016-02, *Leases*, which will require lessees to recognize a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. The standard is effective for non-public business entities for fiscal years beginning after December 15, 2021. SACS-NYC is currently evaluating the impact of the adoption of ASU 2016-02.

Reclassifications

Certain reclassifications have been made to the 2018 financial statements in order to conform to the 2020 presentation.

Notes to Financial Statements

3. Liquidity and Availability of Resources

SACS-NYC's financial assets available within one year of the statement of financial position date for general expenditures are as follows:

June 30, 2020

Cash and cash equivalents	\$	33,408,593
Grants and contracts receivables, net		10,730,964
		44,139,557
Less: amounts unavailable for general expenditures within one year		(352,884)
Financial Assets Available to Meet Cash Needs for General Expenditures Within One Year	\$	43,786,673

Liquidity Management

SACS-NYC has \$43,786,673 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures.

SACS-NYC regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of available funds. In addition to financial assets available to meet general expenditures over the next 12 months, SACS-NYC seeks to operate with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

4. Fixed Assets, Net

SACS-NYC's fixed assets, net, consist of the following:

June 30, 2020

Renovations and improvements	\$	91,012,244

5. Related-Party Transactions

Due to Affiliate

Success Academy Charter Schools, Inc. (the Network), a not-for-profit organization dedicated to helping start and manage charter schools, provides curriculum development, teacher leader training, and school operations management to SACS-NYC. Pursuant to the terms of the Academic and Business Service Agreement with an effective date of July 1, 2016, SACS-NYC pays the Network an annual fee equal to the total general full-time equivalent enrollment of students in SACS-NYC multiplied by the “per-pupil fee.” The per-pupil fee shall be equal to 15% of the final and adjusted expense per-pupil for charter schools in the New York City school district as calculated by the New York State Education Department annually. For operational efficiency and purchasing power, SACS-NYC also shares common expenses with the Network.

For the year ended June 30, 2020, SACS-NYC incurred \$42,678,091 in management fees with a balance due to the Network for \$5,321,513. This balance represents expenses paid by the Network on behalf of SACS-NYC.

Amounts due to the Network, which included expenses paid on behalf of SACS-NYC that are included in other current liabilities as of June 30, 2020, are as follows:

June 30, 2020

Employee benefits	\$	426,539
School purchases		3,637,020
Medical insurance		1,257,954
	\$	5,321,513

Loans Payable to Affiliated Organization

At various dates from July 2012 through June 2015, SACS-NYC entered into borrowing arrangements with the Network totaling \$8,500,000 with annual interest equal to the prevailing interest rate available to the Network as of the date of each advance, which was 1%. The loans and any accrued unpaid interest are due in full within various dates of the borrowing arrangements. The loans may be prepaid by SACS-NYC at any time, in whole or in part, without penalty. The proceeds were used to finance SACS-NYC’s operations. Additionally, SACS-NYC agreed to meet certain milestones within a specific-time schedule with the intent that certain of the amounts due under this loan be forgiven. The outstanding principal balance of the loan was \$3,500,000 of which the entire balance is due in 2022. At June 30, 2020, interest expense on the loan during the period was \$54,458 and at June 30, 2020, the total outstanding interest balance was \$129,663.

Loan Guarantee

On January 29, 2020, SACS-NYC entered and signed a loan guarantee for the Network’s revolving line of credit in the amount of \$30,000,000 with a financial institution, whereby SACS-NYC, identified as a guarantor, guarantees the obligation of the Network under the respective financing arrangement. The line of credit has a sub-limit of \$4,935,886 for purposes of issuing letters of credit. At June 30, 2020, the outstanding balance for the line of credit was \$0. A letter of credit has been allocated in the amount of \$4,935,886 against the sub-limit to secure the construction of leasehold

improvements and security to the lease property of office space at 95 Pine Street. The letter of credit expires on January 30, 2021.

Additionally, SACS-NYC is named a guarantor and guarantees the obligation of the Network for the full payment when due on the capital lease for the Hudson Yards site.

6. Capital Lease Payable

SACS-NYC leases equipment under multiple capital leases that expire on various dates between November 2020 and April 2023. The leases are secured by the equipment and require monthly payments of principal and interest, with rates ranging from 4.46% to 6.18% per annum. The following is a schedule of future minimum lease payments, including interest under the terms of the lease, together with the present value of the net minimum lease payments, as of June 30, 2020.

Year ending June 30,

2021	\$	3,757,133
2022		2,650,502
2023		1,296,538
Total Minimum Lease Payments		7,704,173
Less: amount representing interest		(454,213)
Present Value of Net Minimum Lease Payments		7,249,960
Less: current portion		(3,485,789)
Long-Term	\$	3,764,171

7. Revenue Concentrations

SACS-NYC receives substantially all of its support and revenue from the New York City Department of Education. If the funding from the Department of Education were to be reduced or eliminated, SACS-NYC's finances could be materially adversely affected.

8. Shared Space of Facilities

SACS-NYC shares space with various New York City public schools throughout New York City. SACS-NYC is not responsible for rent, utilities, custodial services, maintenance and school safety services. The value of space and related utilities and services cannot be established and, therefore, is not recorded in the financial statements.

9. Donated Services

During the year ended June 30, 2020, SACS-NYC received legal services at no charge with a fair market value of \$0 for the year ended June 30, 2020.

Success Academy Charter Schools - NYC

10. Commitments and Contingencies

Commitments

On November 2, 2017, SACS-NYC entered into an operating sub-lease agreement with a related party to sub-lease the community facility unit at 555 10th Avenue. The agreement expires on June 30, 2022. SACS-NYC leases equipment under multiple operating leases that expire on various dates through September 2022.

Future minimum lease payments for operating lease agreements are as follows:

Year ending June 30,

2021	\$	8,266,414
2022		7,433,668
2023		237,416
2024		7,656
	\$	15,945,154

The aggregate rental expense is recognized on a straight-line basis over the lease term. The difference between the expenses charged to operations in any year and the amount payable under the lease during the year is recorded as deferred rent on the SACS-NYC's statement of financial position, which will reverse over the lease terms. Deferred rent payable amounted to \$3,114,496 as of June 30, 2020.

Rent expense under the occupancy operating leases for the year ended June 30, 2020 amounted to \$3,518,524 included in total facility expense in the statement of functional expenses.

Contingencies

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursements. Management is of the opinion that such cost disallowances, if any, will not have a material effect on SACS-NYC's financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims. Additionally, SACS-NYC signed a loan guarantee for the Network's non-revolving line of credit, as indicated in Note 5.

From time-to-time, SACS-NYC is involved in claims, lawsuits, and proceedings that arise in the ordinary course of business. Such matters include, but are not limited to, claims involving particular students, employment law, and personal injury. Management believes that SACS-NYC has strong defenses with respect to these matters, and SACS-NYC intends to vigorously defend its positions. SACS-NYC evaluates estimated contingencies or losses related to these matters on an on-going basis, in conjunction with internal and external counsel. Should any matter, based on applicable accounting standards, be determined to likely result in adverse financial impact, SACS-NYC accrues a contingency accordingly. As of June 30, 2020, there are no matters for which SACS-NYC believes the ultimate outcome would have a material adverse effect on SACS-NYC's financial position.

Notes to Financial Statements

11. Employee Benefit Plan

SACS-NYC maintains a deferred compensation plan qualified under Section 403(b) of the IRC. SACS-NYC matches up to 3% of eligible employee's annual compensation not to exceed the employee's annual salary deferral amount. SACS-NYC made contributions totaling \$4,014,165 for the year ended June 30, 2020.

12. Risks and Uncertainties

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

SACS-NYC is dependent on its workforce to support the overall operation of SACS-NYC. Despite directives, such as shelter-in-place and social distancing, SACS-NYC's workforce is fully operational without significant disruptions.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted. The CARES Act contains measures designed to bring some economic and fiscal relief to companies, small businesses and individuals facing financial difficulties due to the COVID-19 crisis. The CARES Act appropriated funds for the Small Business Administration Paycheck Protection Program (PPP) loans that are forgivable in certain situations to promote continued employment, as well as Economic Injury Disaster Loans to provide liquidity to small businesses harmed by COVID-19. As of June 30, 2020, SACS-NYC has not applied for any of the aforementioned programs.

In addition, under the CARES Act, organizations are allowed to defer payment due on its share of an employee's payroll taxes otherwise due between March 27, 2020 and December 31, 2020. 50% of the deferred taxes are due December 31, 2021 and 50% of the deferred taxes are due December 31, 2022. As of June 30, 2020, SACS-NYC deferred payroll taxes in the amount of \$2,200,000, which is included in accrued payroll and payroll taxes in the statement of financial position.

While the full impact of the COVID-19 outbreak continues to evolve as of the date of this report, it is uncertain as to the full impact that the pandemic will have on SACS-NYC's financial condition, liquidity and future results of operations. Management is actively monitoring the situation on its financial condition, liquidity, operations, suppliers, industry and workforce.

13. Subsequent Events

CARES Act and Elementary and Secondary School Emergency Relief (ESSER) Fund

Under the CARES Act, the Local Education Agencies (LEAs) received funds from the ESSER fund to provide equitable services to students and teachers in non-public schools. On August 31, 2020, SACS-NYC applied to defray the COVID-19 outbreak costs under the aforementioned ESSER fund.

Additional Openings of Schools

SACS-NYC is in the process of opening two new schools for the new school year 2021, Success Academy Middle School-Hollis and Success Academy Middle School-Far Rockaway. The total number of schools operating under SACS-NYC will increase to 48 schools.

SACS-NYC's management has performed subsequent event procedures through October 27, 2020, which is the date the financial statements were available to be issued, and there were no other subsequent events requiring adjustment to the financial statements or disclosures as stated herein.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2020

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Success Academy Charter Schools - NYC (SACS-NYC) under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the SACS-NYC, it is not intended to and does not present the financial position, changes in net assets or cash flows of SACS-NYC.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or limited as to reimbursement.

3. Indirect Cost Rate

SACS-NYC has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Trustees
Success Academy Charter Schools - NYC
New York, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Success Academy Charter Schools - NYC (SACS-NYC), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 27, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered SACS-NYC's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SACS-NYC's internal control. Accordingly, we do not express an opinion on the effectiveness of SACS-NYC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether SACS-NYC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

The Board of Trustees
Success Academy Charter Schools - NYC
New York, New York

Report on Compliance for Each Major Federal Program

We have audited Success Academy Charter Schools - NYC's (SACS-NYC) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of SACS-NYC's major federal programs for the year ended June 30, 2020. SACS-NYC's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the SACS-NYC's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the SACS-NYC's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of SACS-NYC's compliance.

Opinion on Each Major Federal Program

In our opinion, SACS-NYC complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of SACS-NYC is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered SACS-NYC's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of SACS-NYC's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
