

INSTRUCTIONS / NOTES FOR 2021-22 ACCOUNTABILITY PLAN PROGRESS REPORT (“APPR”)

1. In order to fulfill the requirement in the Charter Schools Act that each charter school in New York report its progress toward meeting academic goals annually, schools must report on student achievement and progress towards the goal areas included in their Accountability Plans. The SUNY Charter Schools Institute (the “Institute”) has modified the APPR template to include guidance on reporting both the traditional required measures aligned to the New York State 3rd – 8th grade assessments as well as internal examination results. The calculation of some metrics remains paused for 2021-22 and is clearly indicated in the template below. Where applicable, the Institute has provided modified guidance on how and what schools should report under each section.
2. Charter schools with Accountability Plans that contain additional measures beyond the required measures and/or conditions on renewal should report on these under the “Additional Content and Evidence” sections for each goal area.
3. While the Institute anticipates that the 3rd - 8th grade state test results from 2021-22 will form a new baseline for evaluating attainment of Accountability Plan goals, it remains imperative that schools continue to supplement these data with results from national norm-referenced tests or internally developed assessments under each goal area. At minimum, schools should include growth results under the “Internal Assessment Results” sections of the ELA and mathematics goal areas. Schools that wish to report additional internal exam results may use the sample tables available in Appendix A.
4. The deadline for submission of the APPR is September 16, 2022. Schools with extenuating circumstances may request an extension as necessary. As it does every year, the Institute will validate and post the finalized APPRs onto its website.
5. **Text Highlighted in Grey = explanation or guidance for an entry.** As guidance, schools should remove the existing text entirely and replace it with information to complete the report.
6. Please do not include these instructions or the reference guide below in a submitted report.

HARLEM VILLAGE ACADEMIES

**Harlem Village Academy West 2
Charter School**

**2021-22 ACCOUNTABILITY PLAN
PROGRESS REPORT**

Submitted to the SUNY Charter Schools Institute on:

September 16, 2022

By Bob Ollwerther

35 West 124th Street, New York, NY 10027

(646) 812-9200

2021-22 ACCOUNTABILITY PLAN PROGRESS REPORT

Joe Morales, Associate Director of Data, and Katy Braun, Associate Director of Data, prepared this 2021-22 Accountability Progress Report on behalf of the charter school's board of trustees:

Trustee's Name	Board Position	
	Office (e.g. chair, treasurer, secretary)	Committees (e.g. finance, executive)
Dr. Andrew August	Board Member	
Dr. Deborah Kenny	Board Member	
Daniel Pianko	Treasurer	
Erica Newman	Secretary	
Ronald Sernau	Board Member	
David Zwiebel	Board Chair	
Aria Gee	Board Member	

Deborah Kenny has served as the Executive Director since 2019.

SCHOOL OVERVIEW

The mission of Harlem Village Academy West 2 is to prepare students of fine character to graduate from college and make a positive contribution to society. In order to accomplish this mission, we have established clear, measurable goals, which are outlined in this document. The school leadership and faculty continually strive to maintain our community’s focus on achieving these goals. Harlem Village Academy West 2 opened in the fall of 2019 with its first class of Kindergarten and 1st graders. The school serves 167 students.

ENROLLMENT SUMMARY

The school’s BEDS Day enrollment is shown in the table below.

School Year	K	1	2	3	4	5	6	7	8	9	10	11	12	Total
2018-19	-	-	-	-	-	-	-	-	-	-	-	-	-	-
2019-20	60	53	-	-	-	-	-	-	-	-	-	-	-	113
2020-21	28	47	56	-	-	-	-	-	-	-	-	-	-	131
2021-22	38	38	52	39	-	-	-	-	-	-	-	-	-	167

GOAL 1: ENGLISH LANGUAGE ARTS

Goal 1: English Language Arts

Students will meet or exceed state performance standards for mastery of skills and content knowledge in the area of English language arts. Students will also demonstrate proficiency in advanced skills in the area of English language arts necessary for admission into and success in college.

BACKGROUND

The purpose of the HVA literacy curriculum is to develop sophisticated student thinking and a passion for reading. Students who are immersed in a book at school are more likely to continue reading during their free time, thereby reading an hour or more each day. When students are avid readers, they acquire a breadth and depth of knowledge and vocabulary as well as improving their fluency, grammar, and syntax—all of which organically strengthens their comprehension. This is accomplished through the core components of instruction: independent reading, guided reading, close reading, read aloud, writing workshop, phonics and vocabulary. All these components were continued with remote learning during the 2021-22 school year.

ELEMENTARY AND MIDDLE ENGLISH LANGUAGE ARTS

Goal 1: Absolute Measure

2021-22 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

METHOD

The school administered the New York State Testing Program English language arts (“ELA”) assessment to students in 3rd through 8th grades in spring 2022. Each student’s raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year’s test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year).

2021-22 State English Language Arts Exam
Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested ¹				Total Enrolled
		IEP	ELL	Absent	Other reason	
3	34				3	37

RESULTS AND EVALUATION

The table below shows the results of the 2021-22 State English Language Arts exam.

Performance on 2021-22 State English Language Arts Exam
By All Students and Students Enrolled in At Least Their Second Year

Grades	All Students		Enrolled in at least their Second Year	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3	58.8%	34	62.1%	29

Goal 1: Absolute Measure

Each year, the school’s aggregate Performance Index (“PI”) on the State English language arts exam will meet that year’s state Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

The Institute does not require charters to report on this measure for 2021-22.

Goal 1: Comparative Measure

¹ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

2021-22 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.²

RESULTS AND EVALUATION

2021-22 State English Language Arts Exam
Charter School and District Performance by Grade Level

Grade	Percent of Students at or Above Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3	62.1%	29		

**District data not available

Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a comparative performance analysis which compares the school's performance to that of demographically similar public schools statewide. Given the timing of the state's release of data necessary to produce this analysis, the 2021-22 results are not yet available.

As such, The Institute does not require charters to report on this measure for 2021-22.

Goal 1: Growth Measure

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

The Institute does not require charters to report on this measure for 2021-22.

² Schools can acquire these data when the New York State Education Department releases its database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

SUMMARY OF THE ENGLISH LANGUAGE ARTS GOAL

Harlem Village Academies West 2 met zero of the one applicable measure.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	Did not meet
Absolute	Each year, the school’s aggregate PI on the state’s English language arts exam will meet that year’s state MIP as set forth in the state’s ESSA accountability system.	N/A
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the school district of comparison.	N/A
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	N/A
Growth	Each year, under the state’s Growth Model the school’s mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.	N/A

ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA’s college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

GOAL 2: MATHEMATICS

Goal 2: Mathematics

Students will meet or exceed state standards for mastery of skills and content knowledge in the area of mathematics. Students will demonstrate further proficiency in advanced skills in mathematics necessary for admission into and success in college.

2021-22 ACCOUNTABILITY PLAN PROGRESS REPORT

BACKGROUND

ELEMENTARY AND MIDDLE MATHEMATICS

Goal 2: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State Mathematics examination for grades 3-8.

METHOD

The school administered the New York State Testing Program Mathematics assessment to students in 3rd through 8th grades in spring 2022. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year).

2021-22 State Mathematics Exam
Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested ³				Total Enrolled
		IEP	ELL	Absent	Other reason	
3	35				2	37

RESULTS AND EVALUATION

The table below shows the results of the 2021-22 State Mathematics exam.

Performance on 2021-22 State Mathematics Exam
By All Students and Students Enrolled in At Least Their Second Year

Grades	All Students		Enrolled in at least their Second Year	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3	62.9%	35	63.3%	30

Harlem Village Academy did not meet measure.

Goal 2: Absolute Measure

³ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

2021-22 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, the school’s aggregate Performance Index (“PI”) on the state mathematics exam will meet that year’s state Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

The Institute does not require charters to report on this measure for 2021-22.

Goal 2: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁴

RESULTS AND EVALUATION

The table below shows the results of the 2021-22 State mathematics exam for Harlem Village Academy West 2. Community School District 5 data are not available.

2021-22 State Mathematics Exam
Charter School and District Performance by Grade Level

Grade	Percent of Students at or Above Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3	63.3%	30		

**District data not available

Goal 2: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a comparative performance analysis which compares the school’s performance to that of demographically similar public schools statewide. Given the timing of the state’s release of data necessary to produce this analysis, the 2021-22 results are not yet available.

⁴ Schools can acquire these data when the New York State Education Department releases its database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

2021-22 ACCOUNTABILITY PLAN PROGRESS REPORT

As such, The Institute does not require charters to report on this measure for 2021-22.

Goal 2: Growth Measure

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.

The Institute does not require charters to report on this measure for 2021-22.

SUMMARY OF THE ELEMENTARY/MIDDLE MATHEMATICS GOAL

Harlem Village Academies West 2 did not meet the one applicable goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State Mathematics exam for grades 3-8.	Did not meet
Absolute	Each year, the school’s aggregate PI on the state’s mathematics exam will meet that year’s state MIP as set forth in the state’s ESSA accountability system.	N/A
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the school district of comparison.	N/A
Comparative	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	N/A
Growth	Each year, under the state’s Growth Model the school’s mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.	N/A

ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA’s college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

GOAL 3: SCIENCE

Goal 3: Science

Students will meet and exceed state standards for mastery of skills and content knowledge in the area of science.

BACKGROUND

Our approach to science instruction is based on a core tenet of progressive pedagogy: that students learn science by doing scientific work. Thus, our science curriculum is inquiry-based and centered on scientific habits of mind such as questioning, designing, testing and analyzing. Students learn about and use the scientific method to design experiments gather data and develop reliable methods to answer questions. They are required to explain their thinking based on evidence and justify their conclusions.

ELEMENTARY AND MIDDLE SCIENCE

Goal 3: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

METHOD

Students were scheduled for science once per week. In early childhood the key to developing scientific thinking is to integrate higher order questions and student capacity to use questions in order to test hypotheses.

RESULTS AND EVALUATION

Students were provided opportunities to engage in science once per week. Evaluation of student participation was holistic, with teachers supporting their consistent engagement.

ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA's college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

GOAL 4: ESSA

Due to COVID-19 and the subsequent changes to the state’s testing, accountability, and federal reporting requirements, the 2021-22 school accountability statuses are the same as those assigned for the 2020-21 school year. Assigned accountability designations and further context can be found [here](#).

Goal 4: Absolute Measure

Under the state’s ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

METHOD

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school’s status under the state accountability system.

RESULTS AND EVALUATION

Based on 2021-22 results, Harlem Village Academy West 2 is in “Good Standing” for the 2021-22 school year.

ADDITIONAL EVIDENCE

The table below shows the school’s accountability status for 2021-22. We did not have results in 2019-20 and 2020-21.

Accountability Status by Year

Year	Status
2019-20	-
2020-21	-
2021-22	Good Standing
