SCHOOL OVERVIEW

The Earl Monroe New Renaissance Basketball Charter School mission is to unite passion and opportunity for all scholars by the transformation of education through creativity and applying a holistic approach to the development of our students through rigorous programming that inspires not only students but all who facilitate their learning. We empower young scholars to become independent thinkers and moral leaders. We are a community committed to social responsibility, academic excellence, and high achievement within a healthy learning environment. Students are challenged but supported as they develop knowledge and skills. We create opportunities to discover, develop and achieve the very best of each student's gifts, setting all students up for successful futures full of unlimited possibilities by forging partnerships that will provide support and opportunities throughout every chapter of their lives.

The Earl Monroe New Renaissance Basketball Charter school provides high school students with a rigorous academic program in the context of basketball, historically "New York's Game." The school graduates students with a college preparatory education and career readiness to succeed in basketball and other sports-related industries. Our key design elements for success begin with the game of basketball and will drive all aspects of the school, including the academic program, school culture, and extracurricular activities. We provide a small close community of students, teachers, and staff. EMNRBS opened its doors to students in 2021, welcoming 110 ninth graders. The 2023-24 school year saw our enrollment numbers increase to 322 serving grades 9-11.

Our programming included an increase in our College and Career readiness offerings which included a Director of College and Career Learning and a college counselor. In our third year we provided students with guidance on the courses they need to graduate high school and matriculate into college or pursue a career in a sports-related field. We have an enhanced capacity to provide a college prep curriculum and career readiness through two significant partnerships with New Visions for Public Schools and the New Renaissance Basketball Association.

Our students will be learning by doing through our pedagogy will combine doing with reflection to build our student's capacity for independent learning and creativity. Our students will experience the environment of a major university or professional sports team. Our students benefit from the expertise and experience of others through regular opportunities for mentoring and tutoring. Students will take core courses in ELA, Math, Science, and Social Studies, as well as a yearly PE class and career pathways classes. Academic coaching is built into the schedule through our advisory program. Advisory class is also a space that addresses social-emotional learning and career readiness skills. Our educational philosophy is based on active learning strategies that place students in the zone of proximal development. Our special education program is primarily ICT services, and our ENL program is based on immersion strategies supplemented by academic coaching. We have one school counselor in every grade. Professional development is a combination of formal training, including two weeks of staff pre professional development training in August, as well as regular coaching during the school year. All teachers develop professional growth plans.

HIGH SCHOOL COHORTS

ACCOUNTABILITY COHORT

The state’s Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9th grade. For example, the 2020 state Accountability Cohort consists of students who first entered the 9th grade anywhere in the 2020-21 school year, were enrolled in the school on the state’s annual enrollment-determination day (BEDS day) in the 2023-24 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department’s SIRS Manual for more details about cohort eligibility and acceptable exit reasons: <http://www.p12.nysed.gov/irs/sirs/ht>)

TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the school year they first enter the 9th grade anywhere. The 2020 Total Cohort consists of all students, based on last enrollment record as of June 30, 2024, with a First Date of Entry into Grade 9 during the 2020-21 school year, regardless of their current grade level. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the [SIRS manual](#), including but not limited to the following: if they transfer to another public or private diploma-granting

PROMOTION POLICY

EMNRBS graduation requirements are those of NYS Diploma. Promotion decisions will be based on a student's grades on a 100 point scale. In order to pass a course and receive credit, students must complete a course with an average of 65 or higher. The table below outlines our course offerings for SY 23-24. Students must meet the following criteria to be promoted to the next grade”

GOAL 1: HIGH SCHOOL GRADUATION

Write the school's high school graduation goal here.

Graduation Goal Measure 1 - Leading Indicator

Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

Percent of Students in First and Second Year Cohorts

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Graduation Goal Measure 2 - Leading Indicator

Each year, 75 percent of students in the second year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, some second year cohorts would have had student waivers for examinations. Report the percentage of students who either passed or were exempted from at least three exams. In August of 2024, the 2022 Cohort will have completed its second year.

Graduation Goal Measures 3 & 4 - Absolute

Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.

The school's graduation requirements appear in this document above the graduation goal.

Pathway Exam Passing Rate by Fourth Year Accountability Cohort

² Given that district results for the current year are generally not available at this time, for purposes of this report schools should include the district’s 2022-23 results as a temporary placeholder for the district’s 2023-24 results.

³ As a result of the Board of Regents’ guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, students planning to take a pathway examination during those cancelled dates would be exempted from the requirement. For purposes of this measure, only report results for students with valid scores for any pathway exam.

ACTION PLAN

EMNRBS has had a literacy enrichment program in place since the first year of the school. We continue to host this program, embedding enrichment support in student's schedules. We are expanding the reach of this work, pushing into Humanities courses. We diversified our staff, bringing in many teachers with dual certification and expertise in multiple content areas, allowing us to expand course offerings in the future, as well as better variety in student support systems.

GOAL 2: COLLEGE PREPARATION

Write the school’s college preparation goal here.

EMNRBS added a Director of College and Career Readiness in the second year of our existence. They were responsible for pushing into advisories and delivering content to students to support the development of their post-secondary plans. We also created a one-to-one mentorship program for tenth grade students with a professional in the private sector.

In our third year, we began offering Advanced Placement and dual-credit courses. We partnered with the National Education Equity Lab and Cornell University to host an Earthquakes class with 13 students registered for the course. Students were introduced to software and similar to what they may experience in college. We hope to partner with National Equity Lab in the future when topics are students are interested in are available. We will also be looking to explore future dual-credit partnerships with other institutions.

College Preparation Goal Measure 1 - Absolute

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement (“AP”) exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate (“IB”) exam;
- Passing a College Level Examination Program (“CLEP”) exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT;
- Earning a Regents diploma with advanced designation; or,
- A different school-created indicator approved by the Institute.

Percentage of the 2020 Total Cohort Graduates Demonstrating College Preparation by Indicator⁴

Indicator	Number of Graduates who Attempted the Indicator	Number who Achieved Indicator	Percentage of Graduates who Achieved Indicator
N/A	N/A	N/A	N/A

⁴ Schools use any method listed above, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Overall	N/A	N/A	N/A

College Preparation Goal Measure 2 - Absolute

Each year, the College, Career, and Civic Readiness Index (“CCCRI”) for the school’s Total Cohort will exceed the Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

College Preparation Goal Measure 3 - Comparative

Each year, the school’s CCCRI for the Total Cohort will exceed that of the district of comparison’s Total Cohort.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

College Preparation Goal Measure 4 - Absolute

Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.

Matriculation Rate of Graduates by Year⁵

Cohort	Graduation Year	Number of Graduates (a)	Number Enrolled in 2 or 4-year Program in Following Year (b)	Matriculation Rate =[(b)/(a)]*100
2018	2021-22	N/A	N/A	N/A
2019	2022-23	N/A	N/A	N/A
2020	2023-24	N/A	N/A	N/A

⁵ Schools should update and confirm data for Cohorts who graduated prior to 2023-24 and provide preliminary matriculation data for 2020 Cohort. It may be necessary for schools to provide updated data to the Institute when National Student Clearinghouse or other data sources become available later in the school year.

SUMMARY OF THE COLLEGE PREPARATION GOAL

We are looking forward to our first graduating class in June of 2025. We will begin to identify metrics that will help us evaluate how we are doing with preparing students for postsecondary success.

Type	Measure	Outcome
Absolute	Each year, 75 percent of graduating students will demonstrate their preparation for college by one or more possible indicators of college readiness.	N/A
Absolute	Each year, the CCCRI for the school’s Total Cohort will exceed that year’s state MIP set forth in the state’s ESSA accountability system.	N/A
Comparative	Each year, the school’s CCCRI for the Total Cohort will exceed that of the district’s Total Cohort.	N/A
Absolute	Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.	N/A

ACTION PLAN

SY 2024-25 will offer our first graduating cohort.

GOAL 3: ENGLISH LANGUAGE ARTS

Enter the school’s English Language Arts goal here.

BACKGROUND

Students will take an ELA course in each of their first four years in high school. As students enter 10th grade, they will start having an option to take Advanced Placement courses such as AP Literature or AP Seminar, with more AP and dual credit offerings coming on board in future years. Students will take the ELA Regents exam in their Junior year. With reading being a skill required to access all content areas, we will have professional development for each content to discuss literacy across curriculums. We increased the number of ELA staff members to four in SY 23-24.

HIGH SCHOOL ELA

High School ELA Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.⁶

Percent Scoring at Least Level 4 on Regents English Common Core Exam
by Fourth Year Accountability Cohort⁷

Cohort	Fourth Year	Number in Cohort (a)	Number exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)
2018	2021-22	N/A	N/A	N/A	N/A
2019	2022-23	N/A	N/A	N/A	N/A
2020	2023-24	N/A	N/A	N/A	N/A

High School ELA Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

Percent Scoring at Least Level 3 on Regents English Common Core Exam
by Fourth Year Accountability Cohort

⁶ Cohort Regents attainment in all subjects is based on students’ highest score regardless of the number of times a student sat for the exam.

⁷ Due to the state’s cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 some students who had not previously sat for the exam but were scheduled to sit for this exam during a cancellation would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 4 among the students who sat for the exam.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 3 (c)	Percent Scoring at Least Level 3 Among Students with Valid Score (c)/(a-b)

High School ELA Measure 3 - Absolute

Each year, the Performance Index (“PI”) on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 5 - Comparative

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 6 - Comparative

Each year, the Performance Index (“PI”) in Regents English of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for the college and career readiness standard.

ELA INTERNAL EXAM RESULTS

Students were regularly assessed in their ELA classes throughout the school year. Students demonstrated mastery of content and skills through multiple forms of assessment, including, but not limited to, tests, quizzes, projects, and performance based assessments. Students took mock Regents exams multiple times in the year, determining who was in need of additional Regents prep, with sessions after school and on Saturdays.

During 2023-24, in addition to the New York State 3rd– 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA:

- **iReady diagnostics**

At minimum, schools must provide specific growth results from the internal assessment used to supplement the state exams. Schools may modify and use the sample tables suitable for reporting these data available in [Appendix A](#). Paste the completed tables here.

GOAL 4: MATHEMATICS

Write the school's mathematics goal here.

BACKGROUND

The majority of students will take a math course in each of their first three years of high school. As we prepare for our inaugural senior class in SY 24-25, we began introducing students to the idea of taking four years of math to increase their college application profiles. In SY 2023-24, we introduced AP Computer Science. In future years we hope to add more AP courses and dual credit course options for students.

HIGH SCHOOL MATHEMATICS

High School Math Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on a Regents exam in

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

mathematics. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.

Percent Scoring at Least Level 4 on a Regents Mathematics Common Core Exam by Fourth Year Accountability Cohort

Cohort	Fourth Year	Number in Cohort (a)	Number exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)
2018	2021-22	N/A	N/A	N/A	N/A
2019	2022-23	N/A	N/A	N/A	N/A
2020	2023-24	N/A	N/A	N/A	N/A

High School Math Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on a Regents Exam in mathematics. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

Percent Scoring at Least Level 3 on a Regents Mathematics Common Core Exam by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 3 (c)	Percent Scoring at Least Level 3 Among Students with Valid Score (c)/(a-b)
2018	2021-22	N/A	N/A	N/A	N/A
2019	2022-23	N/A	N/A	N/A	N/A
2020	2023-24	N/A	N/A	N/A	N/A

High School Math Measure 3 - Absolute

Each year, the Performance Index (“PI”) on the Regents mathematics exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on a Regents mathematics exam will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 5 - Comparative

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on a Regents mathematics exam will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 6 - Comparative

Each year, the Performance Index (“PI”) in Regents mathematics of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade mathematics exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its mathematics program by enabling students who were not meeting proficiency standards in the eighth grade to meet the mathematics requirement for the college and career readiness standard.

Percent Achieving at Least Performance Level 4 on a Mathematics Regents Exam among Students Who Were Not Proficient in the 8th Grade by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort not Proficient in 8 th Grade (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)

2019	2022-23	N/A	N/A	N/A	N/A
2020	2023-24	N/A	N/A	N/A	N/A

High School Math Measure 8 - Growth

Each year, 75 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade mathematics exam will at least partially meet Common Core expectations (currently scoring at Performance Level 3 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its mathematics program by enabling students who were not meeting proficiency standards in the eighth grade to move to meeting the English requirement for graduation.

Percent Achieving at Least Performance Level 3 on a Mathematics Regents Exam among Students Who Were Not Proficient in the 8th Grade by Fourth Year Accountability Cohort

MATHEMATICS INTERNAL EXAM RESULTS

Students were regularly assessed in their math classes throughout the school year. Students demonstrated mastery of content and skills through multiple forms of assessment, including, but not limited to, tests, quizzes, projects, and performance based assessments. Students took mock Regents

exams multiple times in the year, determining who was in need of additional Regents prep, with sessions after school and on Saturdays.

GOAL 5: SCIENCE

Write the school’s science goal here.

BACKGROUND

The majority of students will take a science course in each of their first three years of high school. We will encourage students to take a fourth year of science to increase their profile for college applications. In SY 2023-24, we introduced AP Computer Science. We also hosted a class, Earthquakes, in partnership with the National Equity Learning Lab and Cornell University. In future years we hope to add more AP courses and dual credit course options for students.

HIGH SCHOOL SCIENCE

High School Science Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.

New York State schools administer multiple high school science assessments; current Regent exams are Living Environment, Earth Science, Chemistry, and Physics. The school administered the Living Environment Regents. This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort.

GOAL 6: SOCIAL STUDIES

Write the school's social studies goal here.

BACKGROUND

Students will take a social studies course in each of their first four years in high school. We will create a course sequence that allows students to take the US History Regents exam during their Sophomore year. We will continue to offer students the option of taking the Global Regents exam in students Senior year. In SY 2023-24, we introduced AP US History and AP Seminar for the first time. In SY 24-25 we are introducing AP African-American History. As we continue to grow, we will offer more dual credit options for students to have access to.

Social Studies Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

U.S. History Regents Passing Rate with a Score of 65 by Fourth Year Accountability Cohort

2020	2023-24	N/A	N/A	N/A	N/A

Social Studies Measure 2 - Comparative

Each year, the percent to students in the high school Total Cohort passing the Regents U.S. History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

Social Studies Measure 3 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents Global History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.
