

INSTRUCTIONS / NOTES

FOR 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT (“APPR”)

1. In order to fulfill the requirement in the Charter Schools Act that each charter school in New York report its progress toward meeting academic goals annually, schools must report on student achievement and progress towards the goal areas included in their Accountability Plans. The SUNY Charter Schools Institute (the “Institute”) has modified the APPR template to include guidance on reporting both the traditional required measures aligned to the New York State 3rd – 8th grade assessments as well as internal examination results. Where applicable, the Institute has provided modified guidance on how and what schools should report under each section.
2. Charter schools with Accountability Plans that contain additional measures beyond the required measures and/or conditions on renewal should report on these under the “Additional Context and Evidence” sections for each goal area.
3. The Institute strongly recommends that schools supplement data for required measures with results from national norm-referenced tests or internally developed assessments under each goal area. At minimum, schools should include growth results under the “Internal Assessment Results” sections of the ELA and mathematics goal areas. Schools that wish to report additional internal exam results may use the sample tables available in Appendix A.
4. The deadline for submission of the APPR is September 16, 2024. Schools with extenuating circumstances may request an extension as necessary. As it does every year, the Institute will post the finalized APPRs onto its website.
5. Schools serving students in 9th – 12th grades must additionally submit a student-level data file as part of the required annual reporting to the Institute. These data should align to and corroborate the high school achievement outcomes reported in the APPR. For example, the number of students included in the 2020 Total Cohort for Graduation and the 2023-24 four-year graduation rate reported in this document should be able to be calculated from this high school data submission.
6. **Text Highlighted in Grey = explanation or guidance for an entry.** As guidance, schools should remove the existing text entirely and replace it with information to complete the report.

The Accountability Plan Progress Report Template Is Below. Delete all information above before submitting.

School**

**2023-24 ACCOUNTABILITY PLAN
PROGRESS REPORT**

Submitted to the SUNY Charter Schools Institute on:

November 1, 2024

By Graham Browne

Middle School: 51-35 Reeder Street, Elmhurst, NY
11373

High School: 69-26 Cooper Ave, Glendale, NY 11385

Central Office: 86-55 Broadway, Elmhurst, NY 11373

Main: 929-666-4430

Graham Browne, CEO prepared this 2023-24 Accountability Progress Report on behalf of the charter school’s board of trustees:

Trustee’s Name	Board Position	
	Office (e.g., chair, treasurer, secretary)	Committees (e.g., finance, executive)
Fiona Lin	Chair	Governance, Finance
Wai Lin Yip	Vice Chair	Fund Development
Christine Padula	Treasurer	Finance
Ellen Winn	Secretary	Academic Achievement, Governance
Laura Rodriguez		Academic Achievement
Joseph Schilling		Finance
Lorenzo Mendez		Finance
Katie Mullen		Finance
Jennifer Cordero		Fund Development
Val Abrams		Fund Development
Name	Office	Committees
Name	Office	Committees
Name	Office	Committees
Name	Office	Committees

Graham Browne has served as the CEO since 2017.

SCHOOL OVERVIEW

Narrative description of the school, e.g., mission, when it opened, what grades served, number of students, demographic characteristics of students, etc. The description may also include key design elements or other unique aspects of the school program. In addition, this description should include a summary of any notable changes to the charter’s academic program.

ENROLLMENT SUMMARY

In the table below, provide the school’s BEDS Day enrollment for each school year.

School Enrollment by Grade Level and School Year

School Year	K	1	2	3	4	5	6	7	8	9	10	11	12	Total
2021-22						85	92	89	90					356
2022-23						85	89	90	90					354
2023-24						88	91	89	89	93				450

HIGH SCHOOL COHORTS

ACCOUNTABILITY COHORT

The state’s Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9th grade. For example, the 2020 state Accountability Cohort consists of students who first entered the 9th grade anywhere in the 2020-21 school year, were enrolled in the school on the state’s annual enrollment-determination day (BEDS day) in the 2023-24 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department’s SIRS Manual for more details about cohort eligibility and acceptable exit reasons:

<http://www.p12.nysed.gov/irs/sirs/ht>)

Fourth-Year High School Accountability Cohorts

Fourth Year Cohort	Year Entered 9 th Grade Anywhere	Cohort Designation	Number of Students Enrolled on BEDS Day in October of the Cohort’s Fourth Year	Number Leaving During the School Year	Number in Accountability Cohort as of June 30th
2021-22	2018-19	2018	[#]	[#]	[#]
2022-23	2019-20	2019	[#]	[#]	[#]
2023-24	2020-21	2020	[#]	[#]	[#]

TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the school year they first enter the 9th grade anywhere. The 2020 Total Cohort consists of all students, based on last enrollment record as of June 30, 2024, with a First Date of Entry into Grade 9 during the 2020-21 school year, regardless

of their current grade level. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the [SIRS manual](#), including but not limited to the following: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S., or are deceased.

Fourth Year Total Cohort for Graduation

Fourth Year Cohort	Year Entered 9 th Grade Anywhere	Cohort Designation	Number of Students Graduated or Still Enrolled on June 30 th of the Cohort's Fourth Year (a)	Number of Students Who Left the School but Were Not Discharged for an Acceptable Reason (b)	Total Graduation Cohort (a) + (b)

PROMOTION POLICY

Present the school's promotion requirements here; include a list of all core academic subjects and other relevant information, ensuring that the school's requirements are consistent with the State Commissioner's Part 100.5 Diploma Requirements.

GOAL 1: HIGH SCHOOL GRADUATION

Students will graduate high school on time.

Graduation Goal Measure 1 - Leading Indicator

Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

Percent of Students in First and Second Year Cohorts Earning the Required Number of Credits in 2023-24

Cohort Designation	Number in Cohort during 2023-24	Percent promoted

2022		
2023		

Graduation Goal Measure 2 - Leading Indicator

Each year, 75 percent of students in the second year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

As a result of the Board of Regents’ guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, some second year cohorts would have had student waivers for examinations. Report the percentage of students who either passed or were exempted from at least three exams. In August of 2024, the 2022 Cohort will have completed its second year.

Percent of Students in their Second Year Passing Three Regents Exams by Cohort

Cohort Designation	School Year	Number in Cohort	Percent Passing at Least Three Regents (including exemptions)
2020	2021-22		
2021	2022-23		
2022	2023-24		

Graduation Goal Measures 3 & 4 - Absolute

Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.

The school’s graduation requirements appear in this document above the graduation goal.

Percent of Students in the Total Graduation Cohort who have Graduated After Four Years¹

Cohort Designation	School Year	Number in Cohort	Number who Graduated	Percent Graduating
2018	2021-22			
2019	2022-23			
2020	2023-24			

Percent of Students in Total Graduation Cohort Who Have Graduated After Five Years

Cohort Designation	School Year	Number in Cohort	Number who Graduated	Percent Graduating
2017	2021-22			
2018	2022-23			
2019	2023-24			

¹ These data reflect August graduation rates.

Graduation Goal Measure 5 - Comparative Measure

Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.

Percent of Students in the Total Graduation Cohort who Graduate in Four Years Compared to the District²

Cohort Designation	School Year	Charter School			School District	
		Number in Cohort	Number who Graduated	Percent Graduating	Number in Cohort	Percent Graduating
2018	2021-22					
2019	2022-23					
2020	2023-24					

Graduation Goal Measure 6 - Absolute Measure

Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway (commonly referred to as the 4+1 pathway) will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year in the cohort.

Percentage of the 2020 Graduation Cohort Pathway Students Demonstrating Success by Exam Type³

Exam	Number of Graduation Cohort Members Tested (a)	Number Passing or Achieving Regents Equivalency (b)	Percentage Passing $=[(b)/(a)]*100$
[Write name of exam here]			
[Write name of exam here]			
[Write name of exam here]			
Overall	[Total number tested]	[Number passing]	[Percentage passing]

Pathway Exam Passing Rate by Fourth Year Accountability Cohort

Cohort Designation	School Year	Number in Cohort Tested	Percent Passing a Pathway Exam
2018	2021-22		
2019	2022-23		

² Given that district results for the current year are generally not available at this time, for purposes of this report schools should include the district's 2022-23 results as a temporary placeholder for the district's 2023-24 results.

³ As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, students planning to take a pathway examination during those cancelled dates would be exempted from the requirement. For purposes of this measure, only report results for students with valid scores for any pathway exam.

2020	2023-24		
------	---------	--	--

SUMMARY OF THE HIGH SCHOOL GRADUATION GOAL

HIGH SCHOOL GRADUATION GOAL NOT APPLICABLE IN SCHOOL'S FIRST YEAR WITH 9TH GRADERS

Type	Measure	Outcome
Leading Indicator	Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.	[YES/NO]
Leading Indicator	Each year, 75 percent of students in the high school Total Graduation Cohort will score at least 65 on at least three different New York State Regents exams required for graduation by the completion of their second year in the cohort.	N/A
Absolute	Each year, 75 percent of students in the fourth year high school Total Graduation Cohort will graduate.	N/A
Absolute	Each year, 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.	N/A
Comparative	Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.	N/A
Absolute	Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year.	N/A

EVALUATION OF THE GRADUATION GOAL

n/a

ADDITIONAL CONTEXT AND EVIDENCE

N/A

ACTION PLAN

N/A

GOAL 2: COLLEGE PREPARATION

Students will graduate from Forte Prep Academy High School prepared for college and career.

NOT YET APPLICABLE AS WE ONLY HAVE 9th Grade.

For schools that offer a college level course offered at a college or university or through a school partnership with a college or university, provide details about the course offerings and partnership.

College Preparation Goal Measure 1 - Absolute

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement (“AP”) exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate (“IB”) exam;
- Passing a College Level Examination Program (“CLEP”) exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT;
- Earning a Regents diploma with advanced designation; or,
- A different school-created indicator approved by the Institute.

Percentage of the 2020 Total Cohort Graduates Demonstrating College Preparation by Indicator⁴

Indicator	Number of Graduates who Attempted the Indicator	Number who Achieved Indicator	Percentage of Graduates who Achieved Indicator
[Write indicator here]			
[Write indicator here]			
[Write indicator here]			
[Write indicator here]			
Overall	[Total number of 2020 Cohort graduates. Not a sum of entire column] ⁵	[Number of 2020 Cohort graduates achieving at least one indicator]	[Percentage of 2020 Cohort graduates achieving at least one indicator]

College Preparation Goal Measure 2 - Absolute

Each year, the College, Career, and Civic Readiness Index (“CCCRI”) for the school’s Total Cohort will exceed the Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

⁴ Schools use any method listed above, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option.

⁵ This number should match the number of graduates reported under the high school graduation goal.

College Preparation Goal Measure 3 - Comparative

Each year, the school's CCCRI for the Total Cohort will exceed that of the district of comparison's Total Cohort.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

College Preparation Goal Measure 4 - Absolute

Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.

Matriculation Rate of Graduates by Year⁶

Cohort	Graduation Year	Number of Graduates (a)	Number Enrolled in 2 or 4-year Program in Following Year (b)	Matriculation Rate =[(b)/(a)]*100
2018	2021-22			
2019	2022-23			
2020	2023-24			

SUMMARY OF THE COLLEGE PREPARATION GOAL

NOT YET APPLICABLE – ONLY 9th grade

Type	Measure	Outcome
Absolute	Each year, 75 percent of graduating students will demonstrate their preparation for college by one or more possible indicators of college readiness.	n/a
Absolute	Each year, the CCCRI for the school's Total Cohort will exceed that year's state MIP set forth in the state's ESSA accountability system.	N/A
Comparative	Each year, the school's CCCRI for the Total Cohort will exceed that of the district's Total Cohort.	N/A
Absolute	Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.	n/a
	[Write in additional measure here]	

⁶ Schools should update and confirm data for Cohorts who graduated prior to 2023-24 and provide preliminary matriculation data for 2020 Cohort. It may be necessary for schools to provide updated data to the Institute when National Student Clearinghouse or other data sources become available later in the school year.

EVALUATION OF THE COLLEGE PREPARATION GOAL

NOT YET APPLICABLE – ONLY 9th grade

NOT YET APPLICABLE – ONLY 9th grade

ADDITIONAL CONTEXT AND EVIDENCE

NOT YET APPLICABLE – ONLY 9th grade

ACTION PLAN

NOT YET APPLICABLE – ONLY 9th grade

GOAL 3: ENGLISH LANGUAGE ARTS

Students will be Proficient in English

BACKGROUND

Detailing high school ELA curriculum information for 2023-4.

In middle school, the reading curriculum begins in the fifth grade with a concentration on fluency, comprehension, and, if necessary, phonics and with an introduction to sophisticated pieces of literature for study and analysis. Instruction and skill development focus on identifying perspective, drawing supporting details, increasing vocabulary, and identifying literary elements such as tone and mood.

Students are taught to identify theme, and to provide evidence for their textual analysis; students are taught to develop theme across multiple texts, fiction and non-fiction, in alignment with the Common

Core State Standards (CCSS) and in alignment with our ambitious mission. Our reading instruction is centered around whole-class novels and Writing instruction is focused on building a consistent structure for Forte Prep classrooms will maintain robust leveled libraries to

provide students with a wide exposure to grade-level appropriate texts. In 2020-21, we grew our program to 8th grade ELA class for the first time.

In High School, English Language Arts is aligned to New York State P-12 Common Core Learning Standards for 9-12 grades, and integrated composition and literature classes, culminating in Advanced Placement coursework in 12th grade. The curriculum emphasizes the development of writing skills that will be foundational to success at the high school and college level. Using the Engage New York ELA framework as the primary structural resource, students will study a wide range of text types and concurrently build close reading and critical writing skills. We will focus on planning, argument writing, and deepening communication skills. Students will progress from US to Global literature, reinforcing the skills that they develop in prior years. Upper high school students will be given direct practice in developing their skills in crafting personal narrative essays by reading and analyzing examples in order to build their own ability to generate these essays about themselves for Common Applications for college admission.

ELEMENTARY AND MIDDLE ELA

ELA Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

The tables below summarize the participation information for this year’s test administration as well as the performance of all students and students enrolled for at least two years.

2023-24 State English Language Arts Exam
Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested						Total Enrolled
		Absent	Refusal	ELL/IEP	Admin error	Medically excused	Other reason	
3								
4								
5	86	1					2	89
6	92							92
7	90							90
8	88	1					1	90
All	356							361

Performance on 2023-24 State English Language Arts Exam
By All Students and Students Enrolled in At Least Their Second Year⁷

Grade	All Students			Enrolled in at least their Second Year		
	Number Tested	Number Proficient	Percent Proficient	Number Tested	Number Proficient	Percent Proficient
3						
4						
5	86	37	43%	9	1	11%
6	92	59	64%	64	43	67%
7	90	58	64%	82	54	66%
8	88	68	77%	81	64	79%
All	356	222	62%	236	162	69%

ELA Measure 2 - Absolute

Each year, the school’s aggregate Performance Index (“PI”) on the State English language arts exam will meet that year’s state Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the English language arts test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state’s

⁷ Students are considered “enrolled in at least their second year” if they were enrolled on BEDS day of the school year prior to the most recent exam administration.

ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state’s 2023-24 English language arts MIP for all students of **113**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.⁸

English Language Arts 2023-24 Performance Index (PI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
356	17	27	26	31

$$\begin{aligned}
 \text{PI} &= 27 + 26 + 31 = 84 \\
 &+ 26 + 31 = 57 \\
 &+ (.5)*31 = 15.5 \\
 \text{PI} &= 156.5
 \end{aligned}$$

ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁹

**2023-24 State English Language Arts Exam
Charter School and District Performance by Grade Level**

Grade	Percent of Students at or Above Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3				
4				
5	11%	1	38%	1339
6	67%	43	40%	1397
7	66%	54	50%	1828
8	79%	64	49%	1809
All	69%	162	42%	9016

ELA Measure 4 - Comparative

⁸ You can find the statewide MIP goals for 2022-23 to 2026-27 [here](#)

⁹ Schools can access these data when the NYSED releases its database containing grade level ELA and mathematics results for all schools and districts statewide.

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school’s performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school’s actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state’s release of economically disadvantaged data and the demands of the data analysis, the 2023-24 analysis is not yet available. This report contains 2022-23 results.¹⁰

2022-23 English Language Arts Comparative Performance by Grade Level

Grade	Percent Economically Disadvantaged	Mean Scale Score		Effect Size
		Actual	Predicted	
3				
4				
5	85.1	450	441.1	.94
6	75.3	447	442.4	.51
7	84.9	452	442.7	.96
8	76.8	455	448.6	.66
All	80.4	451	444	.76

ELA Measure 5 - Growth

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

METHOD

Given the timing of the state’s release of Growth Model data, the 2023-24 analysis is not yet available. This report contains 2022-23 results, the most recent Growth Model data available.¹¹

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year.

¹⁰ These data can be found in the school’s Accountability Summary provided by the Institute in spring 2024.

¹¹ These data can be found in the school’s Accountability Summary provided by the Institute in spring 2024.

The analysis only includes students who took the state exam in 2022-23 and also have a state exam score from 2021-22 including students who were retained in the same grade. Students with the same 2021-22 score are ranked by their 2022-23 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the target for this measure, it must have a mean growth percentile greater than 50.

2022-23 English Language Arts Mean Growth Percentile by Grade Level

Grade	Mean Growth Percentile	
	School	Target
4		50.0
5	59.3	50.0
6	55.6	50.0
7	55.0	50.0
8	47.4	50.0
All	54.0	50.0

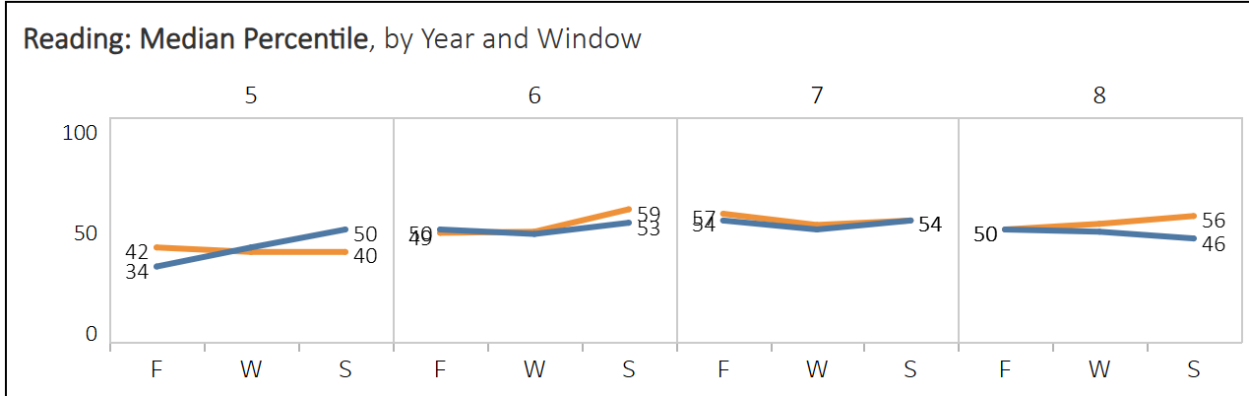

ELA INTERNAL EXAM RESULTS

It remains paramount that schools continue to collect and report on internal exam results in order to build a base of evidence suitable for making a strong case for renewal. Provide narrative discussing how the school evaluated student growth and achievement in ELA during the 2023-24 school year using internal assessments.

During 2023-24, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA: **NWEA MAP**

At minimum, schools must provide specific growth results from the internal assessment used to supplement the state exams. Schools may modify and use the sample tables suitable for reporting these data available in [Appendix A](#). Paste the completed tables here.

NWEA MAP 23-24 (orange) compared to 22-23 (blue)

Percentage of students meeting growth targets: 68%

SUMMARY OF THE ELA GOAL

Present a narrative providing an overview of which measures the school achieved, as well as an overall discussion of its attainment of this Accountability Plan goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	NO
Absolute	Each year, the school's aggregate PI on the state's English language arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	YES
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the school district of comparison.	YES
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	YES
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.	YES
	[Write in additional measure here]	

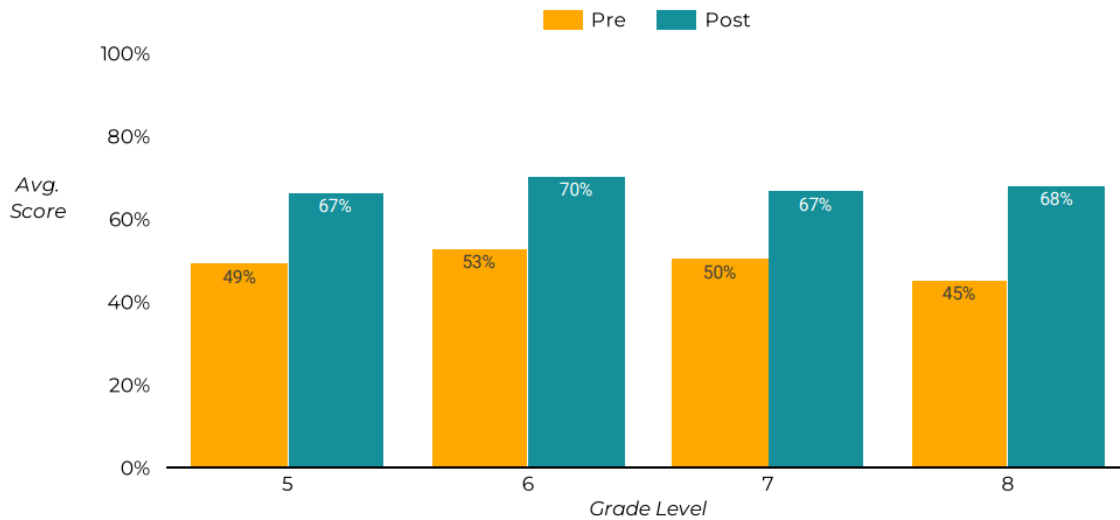

EVALUATION OF ELA GOAL

Forte Prep's ELA performance this year exceeded 22-23, showing positive overall progress toward long-term accountability goals. We are quite proud of the direction of our ELA program, especially with a larger cohort of students who have a variety of academic and literacy needs. We are still working on improving the diagnosis of incoming students in 5th grade so that we can more rapidly close gaps, but we are encouraged by our second-year proficiency results this year.

ADDITIONAL CONTEXT AND EVIDENCE

We continue to have positive outcomes from our Summer Academy, which is designed for students who struggled with ELA and Math during the school year. The pre-and post-test results suggest a strong positive trajectory for student achievement, setting the stage for further success in the next school year.

Pre vs Post Average ELA Scores by Grade

ELA ACTION PLAN

We are going to continue to work to build our data responsiveness this year, with the introduction of a new role: Director of Data and Analytics. This person started in the summer and has taken responsibility for analyzing student level data and supporting instructional staff in deriving insight from assessments to create robust data action plans.

HIGH SCHOOL ELA

High School ELA Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.¹²

Percent Scoring at Least Level 4 on Regents English Common Core Exam
by Fourth Year Accountability Cohort¹³

¹² Cohort Regents attainment in all subjects is based on students' highest score regardless of the number of times a student sat for the exam.

¹³ Due to the state's cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 some students who had not previously sat for the exam but were scheduled to sit for this exam during a cancellation would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 4 among the students who sat for the exam.

Cohort	Fourth Year	Number in Cohort (a)	Number exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

High School ELA Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

Percent Scoring at Least Level 3 on Regents English Common Core Exam by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 3 (c)	Percent Scoring at Least Level 3 Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

High School ELA Measure 3 - Absolute

Each year, the Performance Index (“PI”) on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 5 - Comparative

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 6 - Comparative

Each year, the Performance Index (“PI”) in Regents English of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for the college and career readiness standard.

Percent Achieving at Least Performance Level 4 on Common Core exam among Students Who Were Not Proficient in the 8th Grade by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort not Proficient in 8 th Grade (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

High School ELA Measure 8 - Growth

Each year, 75 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will at least partially meet Common Core expectations (currently scoring at Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for graduation.

Percent Achieving at Least Performance Level 3 on Common Core exam among Students Who Were Not Proficient in the 8th Grade by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort not Proficient in 8 th Grade (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 3 (c)	Percent Scoring at Least Level 3 Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

SUMMARY OF THE HIGH SCHOOL ENGLISH LANGUAGE ARTS GOAL

Present a narrative providing an overview of which measures the school achieved, as well as an overall discussion of its attainment of this Accountability Plan goal.

Type	Measure	Outcome
Absolute	Each year, 65 percent of students in the high school Accountability Cohort will meet or exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.	N/A
Absolute	Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.	N/A
Absolute	Each year, the Performance Index (PI) on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state Measure of Interim Progress (MIP) set forth in the state's ESSA accountability system.	N/A
Comparative	Each year, the percentage of students in the Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students from the district meeting or exceeding Common Core expectations.	N/A
Comparative	Each year, the percentage of students in the Total Cohort partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.	N/A

Comparative	Each year, the Performance Index (PI) in Regents English of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.	N/A
Growth	Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8 th grade English language arts exam will meet or exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.	N/A
Growth	Each year, 75 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8 th grade English language arts exam will at least partially meet Common Core expectations (currently scoring at least Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.	N/A

EVALUATION OF HIGH SCHOOL ELA GOAL

Measures are not applicable because Forte Prep did not take the ELA Regents this year.

ADDITIONAL CONTEXT AND EVIDENCE

Narrative discussing any concerns the school may have regarding the data reported above and the school's attempts to mitigate those concerns. The school should also supplement the information above with additional quantitative evidence from other types of academic assessments or evidence capturing the results of co-academic interventions. **Schools with Accountability Plans that contain additional measures or conditions on renewal under the High School ELA goal should report those results here.**

ACTION PLAN

Narrative explaining what specific steps the school will take to improve or maintain academic performance based on the *specific results* and patterns associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program revisions for explicit grades, cohorts, or student sub-populations based on the data presented.

GOAL 4: MATHEMATICS

Students will be proficient in Math

BACKGROUND

Mathematics is aligned to New York State P-12 Common Core Learning Standards for fifth through eighth grades. Students have two periods of mathematics (100 minutes per day) to ensure a solid foundation of skills and concepts and to prepare for an accelerated high school mathematics curriculum. The mathematics courses have a dual focus: procedures (skills) and problem solving (application). Initially fifth grade students will focus on mastering arithmetic operations, fractions, percentages, basic geometric concepts, simple variable use, and probability. Over time, students will progress through linear equations and symbolic algebra, planar geometry, theoretical probability and statistical analysis.

The problem solving class complements the skills class; the same concepts are taught using word problems, scenarios, and real world context to ensure that students are able to apply their mathematical skills and develop their critical thinking skills and conceptual understanding through logical reasoning.

This focus on mathematics allows for accelerated remediation of students who lack basic skills and preparation for a college preparatory focus in high school while simultaneously ensuring that students

develop and are able to express their conceptual understanding and use a variety of schema to solve complex problems. According to PARCC, “the standards treat mathematics as a coherent subject to promote the sense-making that fuels mastery. The principles of focus and coherence are the twin engines that must be carried forward in implementation efforts and substantiated in curricula and assessments.” By the end of eighth grade, we aim to have the majority of our students complete Algebra I, setting them up to begin high school in Geometry or Algebra II and on track to take Calculus, AP Calculus AB or BC, or AP Statistics by senior year. Students will be unable to access advanced math in high school without this foundation This year, we had 50% of 8th grade students participate in Algebra 1, and all students passed the 8th grade Algebra Regents.

ELEMENTARY AND MIDDLE MATHEMATICS

Math Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State Mathematics examination for grades 3-8.

METHOD

The tables below summarize the participation information for this year’s test administration as well as the performance of all students and students enrolled for at least two years.

2023-24 State Mathematics Exam
Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested							Total Enrolled
		Absent	Refusal	ELL/IEP	Admin error	Medically excused	Other reason	Took Regents	
3									
4									
5	87						2		89
6	90				2				92

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

7	90								90
8	89						1		90
All	356								361

Performance on 2023-24 State Mathematics Exam By All Students and Students Enrolled in At Least Their Second Year

Grade	All Students			Enrolled in at least their Second Year		
	Number Tested	Number Proficient	Percent Proficient	Number Tested	Number Proficient	Percent Proficient
3						
4						
5	87	46	53%	9	2	22%
6	90	69	77%	62	50	81%
7	90	75	83%	82	71	87%
8	89	74	83%	81	68	84%
All	356	264	74%	234	191	82%

Math Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the state mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the mathematics test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by

the state’s ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state’s 2023-24 mathematics MIP for all students of **115.3**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

Mathematics 2023-24 Performance Index (PI)				
Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	1	26	37	36

PI	=	26	+	37	+	36	=	99
				37	+	36	=	73
					+	(.5)*36	=	18
						PI	=	190

Math Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

2023-24 State Mathematics Exam Charter School and District Performance by Grade Level

Grade	Percent of Students at or Above Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3				
4				
5	22%	2	45%	1711
6	81%	50	43%	1587
7	87%	71	43%	1587
8	84%	68	2055	53%
All	82%	191		

Math Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

data and the demands of the data analysis, the 2023-24 analysis is not yet available. This report contains 2022-23 results.

2022-23 Mathematics Comparative Performance by Grade Level

Grade	Percent Economically Disadvantaged	Mean Scale Score		Effect Size
		Actual	Predicted	
3				
4				
5	85.1	454	442.3	.92
6	75.3	464	445.5	1.45
7	84.9	468	445.4	1.76
8	76.8	478	440.9	2.47
All	80.4	466.2	443.6	1.66

Math Measure 5 - Growth

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.

METHOD

Given the timing of the state’s release of Growth Model data, the 2023-24 analysis is not yet available. This report contains 2022-23 results, the most recent Growth Model data available.¹⁴

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2022-23 and also have a

¹⁴ These data can be found in the school’s Accountability Summary provided by the Institute in spring 2024.

state exam score in 2021-22 including students who were retained in the same grade. Students with the same 2021-22 scores are ranked by their 2022-23 scores and assigned a percentile based on their relative growth in performance (student growth percentile). Students’ growth percentiles are aggregated school-wide to yield a school’s mean growth percentile. In order for a school to meet the measure, the school would have to achieve a mean growth percentile above the target of 50.

2022-23 Mathematics Mean Growth Percentile by Grade Level

Grade	Mean Growth Percentile	
	School	Target
4		50.0
5	66.1	50.0
6	67.5	50.0
7	46.6	50.0
8	66.1	50.0
All	61.3	50.0

MATHEMATICS INTERNAL EXAM RESULTS

It remains paramount that schools continue to collect and report on internal exam results in order to build a base of evidence suitable for making a strong case for renewal. Provide narrative discussing how the school evaluated student growth and achievement in mathematics during the 2023-24 school year using internal assessments.

During 2023-24, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in mathematics: NWEA MAP

At minimum, schools must provide specific growth results from the internal assessment used to supplement the state exams. Schools may modify and use the sample tables suitable for reporting these data available in [Appendix A](#). Paste the completed tables here.

SUMMARY OF THE MATHEMATICS GOAL

Present a narrative providing an overview of which measures the school achieved, as well as an overall discussion of its attainment of this Accountability Plan goal.

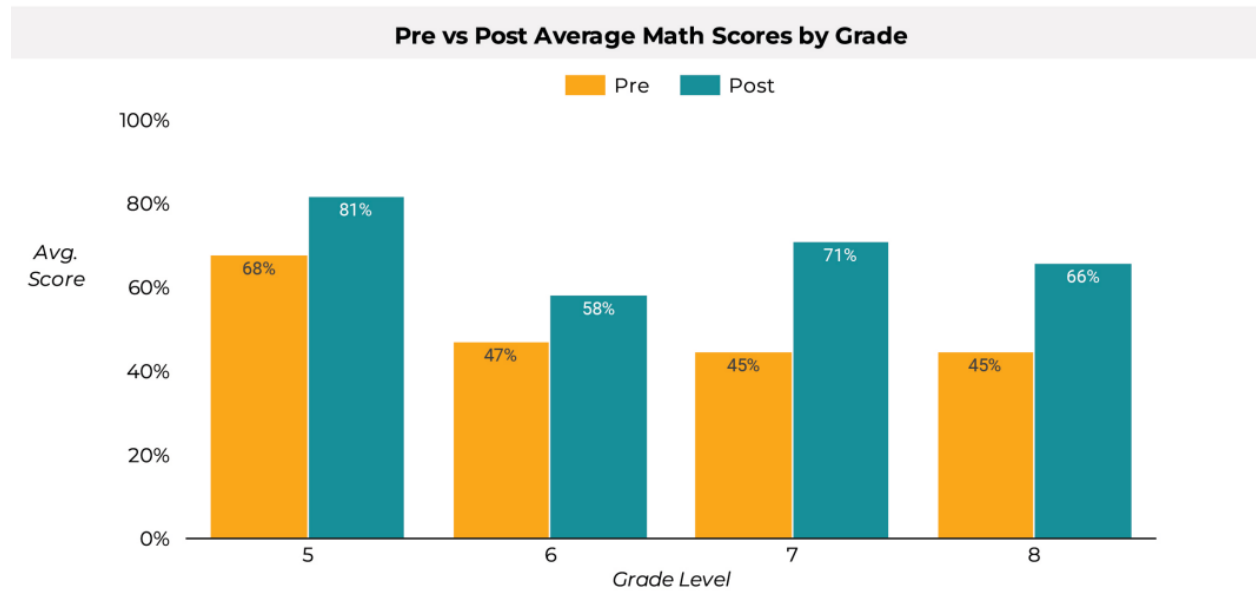

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State Mathematics exam for grades 3-8.	Yes
Absolute	Each year, the school’s aggregate PI on the state’s mathematics exam will meet that year’s state MIP as set forth in the state’s ESSA accountability system.	Yes
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the school district of comparison.	Yes
Comparative	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	Yes
Growth	Each year, under the state’s Growth Model the school’s mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.	yes
	[Write in additional measure here]	

EVALUATION OF THE MATHEMATICS GOAL

Our math program continues to exceed expectations across grade levels, demonstrating a rapid growth rate especially for younger students. We are proud that we have another consecutive year of meeting or exceeding all accountability measures.

ADDITIONAL CONTEXT AND EVIDENCE

Our Summer math program also has strong outcomes, as measured by pre- and post-tests, reinforcing our academic approach during the school year.

MATHEMATICS ACTION PLAN

We are excited to continue our math action planning using the data driven instruction and scheduled data days throughout the school year. We believe that we are on the right track here. We are also looking into some upper-grade math curricular support given the number of students who join our program in 9th grade and are behind grade level.

HIGH SCHOOL MATHEMATICS

High School Math Measure 1 - Absolute

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on a Regents exam in mathematics. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.

Percent Scoring at Least Level 4 on a Regents Mathematics Common Core Exam
by Fourth Year Accountability Cohort

Cohort	Fourth Year	Number in Cohort (a)	Number exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

High School Math Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on a Regents Exam in mathematics. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

Percent Scoring at Least Level 3 on a Regents Mathematics Common Core Exam
by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 3 (c)	Percent Scoring at Least Level 3 Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

High School Math Measure 3 - Absolute

Each year, the Performance Index (“PI”) on the Regents mathematics exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on a Regents mathematics exam will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 5 - Comparative

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on a Regents mathematics exam will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 6 - Comparative

Each year, the Performance Index ("PI") in Regents mathematics of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School Math Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade mathematics exam will meet the college and career readiness

standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its mathematics program by enabling students who were not meeting proficiency standards in the eighth grade to meet the mathematics requirement for the college and career readiness standard.

Percent Achieving at Least Performance Level 4 on a Mathematics Regents Exam among Students Who Were Not Proficient in the 8th Grade by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort not Proficient in 8 th Grade (a)	Number Exempted with No Valid Score (b)	Number Scoring at Least Level 4 (c)	Percent Scoring at Least Level 4 Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

High School Math Measure 8 - Growth

Each year, 75 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade mathematics exam will at least partially meet Common Core expectations (currently scoring at Performance Level 3 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its mathematics program by enabling students who were not meeting proficiency standards in the eighth grade to move to meeting the English requirement for graduation.

N/A

EVALUATION OF THE HIGH SCHOOL MATHEMATICS GOAL

NOT YET APPLICABLE.

ADDITIONAL CONTEXT AND EVIDENCE

Narrative discussing any concerns the school may have regarding the data reported above and the school's attempts to mitigate those concerns. The school should also supplement the information above with additional quantitative evidence from other types of academic assessments or evidence capturing the results of co-academic interventions. **Schools with Accountability Plans that contain**

additional measures or conditions on renewal under the High School Mathematics goal should report those results here.

ACTION PLAN

Narrative explaining what specific steps the school will take to improve or maintain academic performance based on the *specific results* and patterns associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program revisions for explicit grades, cohorts, or student sub-populations based on the data presented.

GOAL 5: SCIENCE

Students will be proficient in Science.

BACKGROUND

Forte Prep’s science curriculum is informed directly by and aligned to the New York State Education Department’s Intermediate Level Science Core Curriculum for grades 5-8, as well as the Standards for Literacy in Science in the New York Common Core Learning Standards for English Language Arts. 5th and 6th grade students take Science for 50 minutes three days per week and 7th and 8th grade students will take Science for four days a week. Students also take Digital Literacy (computer science) 1-2 times per week. Science instruction in grades 5-8 will begin with building skills related to scientific reasoning, investigative reading, and writing through coursework in Physical Science, Life Science, and Earth & Space Science. Science classes will focus heavily on the mathematics in the application of science, as well as reinforcing critical writing and analysis from English Language Arts curriculum in each grade. In middle school, for example, students are required to cite text from scientific sources, distinguish between facts, findings and speculation, and analyze an author’s purpose in organizing a text and discussing experiments, all of which rely on literacy practice. Science curriculum will emphasize the process of discovery and application of principles and scientific concepts. High School Science follows the Regents track.

ELEMENTARY AND MIDDLE SCIENCE

Science Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

The school administered the New York State Testing Program science assessment to students in 5th and 8th grade in spring 2024. The table below summarizes the performance of students enrolled for at least two years.

Charter School Performance on 2023-24 State Science Exam

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

By Students Enrolled in At Least Their Second Year

Grade	Students in At Least Their 2 nd Year		
	Number Tested	Number Proficient	Percent Proficient
5	87	22	25%
8	89	56	63%
All	176	78	44%

Science Measure 2 - Comparative

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison.

2023-24 State Science Exam

Charter School and District Performance by Grade Level

Grade	Charter School Students in at Least 2 nd Year			All District Students		
	Number Tested	Number Proficient	Percent Proficient	Number Tested	Number Proficient	Percent Proficient

All	90	53	59%	7579	2816	37%

SUMMARY OF THE ELEMENTARY/MIDDLE SCIENCE GOAL

Present a narrative providing an overall discussion of the school’s attainment of this Accountability Plan goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination.	Approaching
Comparative	Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the school district of comparison.	YES
	[Write in optional measure here]	

EVALUATION OF THE SCIENCE GOAL

This was the first time our school participated in the 5th grade science exam, and we learned a lot about how we now need to reconfigure our science curriculum in order to better align outcomes in 5th grade (our first year of instruction) to the new Science exam. We have lots of room to improve here and we look forward to making progress this year.

ADDITIONAL CONTEXT AND EVIDENCE

Our largest challenge is compressing our current science curriculum to span content that would likely be taught in grades 1-4. We are working to amend our science curriculum this year to better support students preparing for the 5th grade assessment.

Performance on a Regents Science Exam
Of 8th Grade All Students by Year

HIGH SCHOOL SCIENCE

High School Science Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.

New York State schools administer multiple high school science assessments; current Regent exams are Living Environment, Earth Science, Chemistry, and Physics. The school administered exam(s). This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort.

Science Regents Passing Rate with a Score of 65
by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Passing with at Least a 65 (c)	Percent Passing Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

High School Science Measure 2 - Comparative

Each year, the percent of students in the high school Total Cohort passing a Regents science exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

SUMMARY OF THE HIGH SCHOOL SCIENCE GOAL

Present a narrative providing an overall discussion of the school’s attainment of this Accountability Plan goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.	
Comparative	Each year, the percent of students in the high school Total Cohort passing a Regents science exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

EVALUATION OF THE HIGH SCHOOL SCIENCE GOAL

Provide brief narrative highlighting results in the data tables above that directly addresses each measure. Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance in specific cohorts and populations. This section can also be used to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

ADDITIONAL CONTEXT AND EVIDENCE

Narrative discussing any concerns the school may have regarding the data reported above and the school’s attempts to mitigate those concerns. The school should also supplement the information above with additional quantitative evidence from other types of academic assessments or evidence capturing the results of co-academic interventions. **Schools with Accountability Plans that contain**

additional measures or conditions on renewal under the high school science goal should report those results here.

ACTION PLAN

Narrative explaining how the school will strive to maintain consistency in its data collection and reporting in the context of possible changes to the modality of instruction. The narrative also explains what specific steps the school will take to maintain or improve academic performance based on the specific results associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program revisions for explicit grades, cohorts, or subpopulations.

GOAL 6: SOCIAL STUDIES

Write the school's social studies goal here.

BACKGROUND

Provide a brief narrative discussing science curriculum, instruction, assessment, and professional development at the school in 9th – 12th grades. Provide a summary of any important changes to the social studies program or staff during the 2023-24 school year.

Social Studies Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

U.S. History Regents Passing Rate with a Score of 65

by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Passing with at Least a 65 (c)	Percent Passing Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

Social Studies Measure 2 - Comparative

Each year, the percent to students in the high school Total Cohort passing the Regents U.S. History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

Social Studies Measure 3 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents Global History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Global History Regents Passing Rate with a Score of 65 by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Passing with at Least a 65 (c)	Percent Passing Among Students with Valid Score (c)/(a-b)
2018	2021-22				
2019	2022-23				
2020	2023-24				

Social Studies Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort passing the Regents Global History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

SUMMARY OF THE SOCIAL STUDIES GOAL

Present a narrative providing an overall discussion of the school's attainment of this Accountability Plan goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State U.S. History Regents exam by the completion of their fourth year in the cohort.	

Comparative	Each year, the percent of students in the high school Total Cohort passing the U.S. History Regents exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.	N/A

The narrative also explains what specific steps the school will take to maintain or improve academic performance based on the specific results associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program revisions for explicit grades, cohorts, or subpopulations.

GOAL 7: ESSA

ESSA Measure 1

Under the state’s ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school’s status under the state accountability system. More information on assigned accountability designations and context can be found [here](#).

Accountability Status by Year

Year	Status
2021-22	Good standing
2022-23	Good standing
2023-24	Good standing

ADDITIONAL CONTEXT AND EVIDENCE

Forte Prep has received a GOOD STANDING distinction every year since founding in 201
