

INSTRUCTIONS / NOTES

FOR 2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT (“APPR”)

1. In order to fulfill the requirement in the Charter Schools Act that each charter school in New York report its progress toward meeting academic goals annually, schools must report on student achievement and progress towards the goal areas included in their Accountability Plans. The SUNY Charter Schools Institute (the “Institute”) has modified the APPR template to include guidance on reporting both the traditional required measures aligned to the New York State 3rd – 8th grade assessments as well as internal examination results. Where applicable, the Institute has provided modified guidance on how and what schools should report under each section.
2. Charter schools with Accountability Plans that contain additional measures beyond the required measures and/or conditions on renewal should report on these under the “Additional Context and Evidence” sections for each goal area.
3. The Institute strongly recommends that schools supplement data for required measures with results from national norm-referenced tests or internally developed assessments under each goal area. At minimum, schools should include growth results under the “Internal Assessment Results” sections of the ELA and mathematics goal areas. Schools that wish to report additional internal exam results may use the sample tables available in Appendix A.
4. The deadline for submission of the APPR is September 16, 2024. Schools with extenuating circumstances may request an extension as necessary. As it does every year, the Institute will post the finalized APPRs onto its website.
5. Schools serving students in 9th – 12th grades must additionally submit a student-level data file as part of the required annual reporting to the Institute. These data should align to and corroborate the high school achievement outcomes reported in the APPR. For example, the number of students included in the 2020 Total Cohort for Graduation and the 2023-24 four-year graduation rate reported in this document should be able to be calculated from this high school data submission.
6. **Text Highlighted in Grey = explanation or guidance for an entry.** As guidance, schools should remove the existing text entirely and replace it with information to complete the report.

The Accountability Plan Progress Report Template Is Below. Delete all information above before submitting.

Deborah Kenny has served as the Executive Director since 2003.

SCHOOL OVERVIEW

It is the mission of Harlem Village Academy North Charter School for our students to become intellectually sophisticated, wholesome in character, avid readers, fiercely independent thinkers and compassionate individuals who make a meaningful contribution to society. In order to accomplish this mission, we have established clear, measurable goals, which are outlined in this document. The school leadership and faculty continually strive to maintain our community’s focus on achieving these goals. Harlem Village Academy North opened in the fall of 2003 with its first class of fifth graders. The school is divided into three academies that collectively serve approximately 640 students in grades pre-kindergarten through twelfth.

ENROLLMENT SUMMARY

The school’s BEDS Day enrollment is shown in the table below.

School Enrollment by Grade Level and School Year															
School Year	Elementary							Middle			High				Total

HIGH SCHOOL COHORTS

ACCOUNTABILITY COHORT

The state’s Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9th grade. For example, the 2020 state Accountability Cohort consists of students who first entered the 9th grade anywhere in the 2020-21 school year, were enrolled in the school on the state’s annual enrollment-determination day (BEDS day) in the 2023-24 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department’s SIRS Manual for more details about cohort eligibility and acceptable exit reasons: <http://www.p12.nysed.gov/irs/sirs/ht>)

TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the school year they first enter the 9th grade anywhere. The 2020 Total Cohort consists of all students, based on last enrollment record as of June 30, 2024, with a First Date of Entry into Grade 9 during the 2020-21 school year, regardless of their current grade level. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the [SIRS manual](#), including but not limited to the following: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S., or are deceased.

PROMOTION POLICY

In order to graduate, students must successfully complete at least 22 credits as listed below:

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

4 English credits	3 Math credits	1 Art credit
4 Social Studies credits	1 World Language credit	0.5 Health Education credits
3 Science credits	2 Physical Education credits	3.5 Elective credits

Harlem Village Academy North strongly encourages students to enroll in English, History, Math, and Science courses for all four years of high school, and in World Language courses for three years. Students are considered to be promoted to the next grade level as long as they remain on track to graduate from high school in four years.

10th: In order to be considered a sophomore, students must successfully complete at least 5 credits.

11th: In order to be considered a junior, students must successfully complete at least 10 credits.

12th: In order to be considered a senior, students must successfully complete at least 15 credits.

Adjustments made due to the Covid-19 school closure include opportunities for students to improve their course outcomes, with failing grades temporarily evaluated as incomplete.

GOAL 1: HIGH SCHOOL GRADUATION

GOAL 1: HIGH SCHOOL GRADUATION

Students will graduate from high school.

Graduation Goal Measure 1 - Leading Indicator

Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

PERCENT OF STUDENTS IN FIRST AND SECOND YEAR COHORTS METHOD

This measure serves as a leading indicator of the performance of the high school cohort and examines students' progress toward graduation based on annual credit accumulation. The measure requires that, based on the school's promotion requirements, 75 percent of the first and second year high school Total Graduation Cohorts will earn the required number of credits.

RESULTS AND EVALUATION

The table below displays the percent of students in each Accountability Cohort who remain on track to graduate within four years.

Percent of Students in First and Second Year Cohorts

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Earning the Required Number of Credits in 2023-24

Cohort Designation	Number in Cohort during 2023-24	Percent promoted
2022	23	100%
2023	38	97%

Harlem Village Academy North exceeded this measure.

Graduation Goal Measure 2 - Leading Indicator

Each year, 75 percent of students in the second year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, some second year cohorts would have had student waivers for examinations. Report the percentage of students who either passed or were exempted from at least three exams. In August of 2024, the 2022 Cohort will have completed its second year.

Percent of Students in their Second Year Passing Three Regents Exams by Cohort

Cohort Designation	School Year	Number in Cohort	Percent Passing at Least Three Regents (including exemptions)
2020	2021-22	45	60%
2021	2022-23	37	87%
2022	2023-24	23	96%

Harlem Village Academy North did not meet the measure for the 2020 cohort and exceeded the measure for the 2021 and 2022 cohorts.

Graduation Goal Measures 3 & 4 - Absolute

Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.

The school's graduation requirements appear in this document above the graduation goal.

Cohort Designation	School Year	Number in Cohort	Number who Graduated	Percent Graduating
2018	2021-22	38	36	94.7%
2019	2022-23	32	30	93.8%
2020	2023-24	33	30	90.9%

Percent of Students in Total Graduation Cohort Who Have Graduated After Five Years

Cohort Designation	School Year	Number in Cohort	Number who Graduated	Percent Graduating
2017	2021-22	34	34	100%
2018	2022-23	38	37	97.4%
2019	2023-24	32	32	100%

Harlem Village Academy North exceeded both the measures.

Graduation Goal Measure 5 - Comparative Measure

Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.

METHOD

The school compares the graduation rate of students completing their fourth year in the charter school's Total Graduation Cohort to that of the respective cohort of students in the school district of comparison. Given that district results for the current year are generally not available at this time, for purposes of this report schools should include the district's 2022-23 results as a temporary placeholder for the district's 2023-24 results.

RESULTS AND EVALUATION

The tables below show the four-year graduation rates for each cohort for Harlem Village Academy North and Community School District 5.

Percent of Students in the Total Graduation Cohort who Graduate in Four Years Compared to the District²

	Charter School	School District
--	----------------	-----------------

¹ These data reflect August graduation rates.

² Given that district results for the current year are generally not available at this time, for purposes of this report schools should include the district's 2022-23 results as a temporary placeholder for the district's 2023-24 results.

2018	2021-22	38	36	94.7%	826	74.0%
2019	2022-23	32	30	93.8%	871	75.0%
2020	2023-24	33	30	90.9%	871*	75.0%*

*The district's 2022-23 results are included as a temporary placeholder for the district's 2023-24 results.

Harlem Village Academy North met the measure for the 2018 and 2019 cohorts. School district information for the 2020 cohort is not available at this time, therefore the district's 2022-23 results are included as a temporary placeholder for the district's 2023-24 results.

Graduation Goal Measure 6 - Absolute Measure

Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway (commonly referred to as the 4+1 pathway) will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year in the cohort.

Percentage of the 2020 Graduation Cohort Pathway Students Demonstrating Success by Exam Type³

Exam	Number of Graduation Cohort Members Tested (a)	Number Passing or Achieving Regents Equivalency (b)	Percentage Passing $=\frac{(b)}{(a)} \times 100$
N/A	N/A	N/A	N/A
Overall	N/A	N/A	N/A

Pathway Exam Passing Rate by Fourth Year Accountability Cohort

Cohort Designation	School Year	Number in Cohort Tested	Percent Passing a Pathway Exam
2018	2021-22	N/A	N/A
2019	2022-23	N/A	N/A
2020	2023-24	N/A	N/A

³ As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, students planning to take a pathway examination during those cancelled dates would be exempted from the requirement. For purposes of this measure, only report results for students with valid scores for any pathway exam.

The measure is not applicable for Harlem Village Academy North.

ACTION PLAN

Our goal is to improve our measurable results on state tests while continuing our quest to cultivate the sophisticated intellectual capacity and social-emotional skills that our students will need to successfully graduate from college. We have implemented an academic program that addresses the unique needs of the students who enter HVA North. Our program integrates curriculum, assessment and teacher professional development with the goal of enabling our students to be college ready.

GOAL 2: COLLEGE PREPARATION

GOAL 2: COLLEGE PREPARATION

Students will gain admission to college.

College Preparation Goal Measure 1 - Absolute

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement (“AP”) exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate (“IB”) exam;
- Passing a College Level Examination Program (“CLEP”) exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT;
- Earning a Regents diploma with advanced designation; or,
- A different school-created indicator approved by the Institute.

METHOD

Schools use any method listed here, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option. The school reports on the number of students who attempted to achieve each indicator, the number who succeeded, and the corresponding percentage. Additionally, the school should report on the overall number of students who graduated after four years, the number of those graduates who achieved any of the relevant indicators, and the overall percentage achieving any indicator.

RESULTS AND EVALUATION

The table below shows the percent of graduating students demonstrating preparation for college.

Percentage of the 2020 Total Cohort Graduates Demonstrating College Preparation by Indicator⁴

Indicator	Number of Graduates who Attempted the Indicator	Number who Achieved Indicator	Percentage of Graduates who Achieved Indicator

⁴ Schools use any method listed above, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Earning a score of 4 or higher on an International Baccalaureate (“IB”) exam	31	22	71.0%
Overall	31	22	71.0%

Harlem Village Academy North did not meet the measure.

HVAH does not support taking the SAT as a substantial and continually increasing number of leading colleges have de-emphasized the SAT. HVA is placing more emphasis on its new **IB for All** initiative to deepen students’ college readiness in the coming five years.

College Preparation Goal Measure 2 - Absolute

Each year, the College, Career, and Civic Readiness Index (“CCCRI”) for the school’s Total Cohort will exceed the Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

College Preparation Goal Measure 3 - Comparative

Each year, the school’s CCCRI for the Total Cohort will exceed that of the district of comparison’s Total Cohort.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

College Preparation Goal Measure 4 - Absolute

Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.

ACTION PLAN

Our goal is to maintain our "IB for All" curriculum and improve our measurable results and college readiness while continuing our quest to cultivate the sophisticated intellectual capacity and social-emotional skills that our students will need to successfully graduate from college. We have implemented an academic program that addresses the unique needs of the students who enter HVA North. Our program integrates curriculum, assessment, and teacher professional development with the goal of enabling our students to be college ready.

⁵ Schools should update and confirm data for Cohorts who graduated prior to 2023-24 and provide preliminary matriculation data for 2020 Cohort. It may be necessary for schools to provide updated data to the Institute when National Student Clearinghouse or other data sources become available later in the school year.

GOAL 3: ENGLISH LANGUAGE ARTS

Students will meet or exceed state performance standards for mastery of skills and content knowledge in the area of English language arts. Students will also demonstrate proficiency in advanced skills in the area of English language arts necessary for admission into and success in college.

BACKGROUND

The purpose of the HVA literacy curriculum is to develop sophisticated student thinking and a passion for reading. Students who are immersed in a book at school are more likely to continue reading during their free time, thereby reading an hour or more each day. When students are avid readers, they acquire a breadth and depth of knowledge and vocabulary as well as improving their fluency, grammar, and syntax—all of which organically strengthens their comprehension. This is accomplished through the core components of literacy instruction: independent reading, guided reading, close reading, read aloud, writing workshop, phonics and vocabulary. All these components were continued during the 2023-24 school year.

ELEMENTARY AND MIDDLE ELA

ELA Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

The tables below summarize the participation information for this year’s test administration as well as the performance of all students and students enrolled for at least two years.

8	50	46	92%	50	46	92%
All	234	191	82%	227	186	82%

ELA Measure 2 - Absolute

Each year, the school’s aggregate Performance Index (“PI”) on the State English language arts exam will meet that year’s state Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the English language arts test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state’s ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state’s 2023-24 English language arts MIP for all students of **113**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.⁷

English Language Arts 2023-24 Performance Index (PI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	1%	17%	54%	28%

$$\begin{array}{rclclcl}
 \text{PI} & = & 17\% & + & 54\% & + & 28\% & = & 99 \\
 & & & & 54\% & + & 28\% & = & 82 \\
 & & & & & + & (.5) * 28\% & = & 14 \\
 & & & & & & \text{PI} & = & 195
 \end{array}$$

⁶ Students are considered “enrolled in at least their second year” if they were enrolled on BEDS day of the school year prior to the most recent exam administration.

⁷ You can find the statewide MIP goals for 2022-23 to 2026-27 [here](#)

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁸

8	92%	50	42%	559
All	82%	227	37%	2922

ELA Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged

ELA Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

METHOD

Given the timing of the state's release of Growth Model data, the 2023-24 analysis is not yet available. This report contains 2022-23 results, the most recent Growth Model data available.¹⁰

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2022-23 and also have a state exam score from 2021-22 including students who were retained in the same grade. Students with the same 2021-22 score are ranked by their 2022-23 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the target for this measure, it must have a mean growth percentile greater than 50.

ELA INTERNAL EXAM RESULTS

During 2023-24, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA: Internally developed

SUMMARY OF THE ELA GOAL

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	Exceeded
Absolute	Each year, the school's aggregate PI on the state's English language arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	Exceeded
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the school district of comparison.	Exceeded
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	Exceeded
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.	Exceeded

ELA ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA's college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

HIGH SCHOOL ELA

High School ELA Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.¹¹

2019	2022-23	32	31	-	-
2020	2023-24	34	-	12	35.2%

High School ELA Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

¹¹ Cohort Regents attainment in all subjects is based on students' highest score regardless of the number of times a student sat for the exam.

¹² Due to the state's cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 some students who had not previously sat for the exam but were scheduled to sit for this exam during a cancellation would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 4 among the students who sat for the exam.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

METHOD

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

High School ELA Measure 3 - Absolute

Each year, the Performance Index (“PI”) on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 5 - Comparative

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Each year, the Performance Index (“PI”) in Regents English of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

High School ELA Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for the college and career readiness standard.

ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA’s college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

GOAL 4: MATHEMATICS

Students will meet or exceed state standards for mastery of skills and content knowledge in the area of mathematics. Student will demonstrate further proficiency in advanced skills in mathematics necessary for admission into and success in college.

BACKGROUND

HVA has strategically designed a sophisticated scope and sequence and curricular materials. For workshop, our curriculum is sequenced uniquely for HVA, but pulls resources from Eureka, Children’s Mathematics, Contexts for Learning Mathematics, and Fosnot’s work from the series Young Mathematicians at Work. Our workshop curriculum is also adapted year to year based on teacher feedback and student mastery. Our problem solving and fluency resources are teacher created, pulling inspiration from many resources. Students are deeply engaged in problem solving, reasoning, proving, and discussing mathematics. Student work is aligned with grade level tasks that connect to a clear trajectory of long- and short-term learning targets. The questions and tasks posed to students elicit the use of higher order thinking skills for all students. Our mathematics

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Math Measure 2 - Absolute

Each year, the school’s aggregate Performance Index (“PI”) on the state mathematics exam will meet that year’s state Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the mathematics test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state’s ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state’s 2023-24 mathematics MIP for all students of **115.3**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

Mathematics 2023-24 Performance Index (PI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	3%	8%	46%	43%

$$\begin{array}{rclclclcl}
 \text{PI} & = & 8\% & + & 46\% & + & 43\% & = & 97 \\
 & & & & 46\% & + & 43\% & = & 89 \\
 & & & & & + & (.5)*43\% & = & 21.5 \\
 & & & & & & \text{PI} & = & 207.5
 \end{array}$$

Math Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

Math Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2023-24 analysis is not yet available. This report contains 2022-23 results.

ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA's college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

GOAL 5: SCIENCE

Students will meet and exceed state standards for mastery of skills and content knowledge in the area of science.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

BACKGROUND

Our approach to science instruction is based on a core tenet of progressive pedagogy: that students learn science by doing scientific work. Thus, our science curriculum is inquiry-based and centered on scientific habits of mind such as questioning, designing, testing and analyzing. Students learn about and use the scientific method to design experiments, gather data and develop reliable methods to answer questions. They are required to explain their thinking based on evidence and justify their conclusions.

ELEMENTARY AND MIDDLE SCIENCE

Science Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

The school administered the New York State Testing Program science assessment to students in 5th and 8th grade in spring 2024. The table below summarizes the performance of students enrolled for at least two years.

Charter School Performance on 2023-24 State Science Exam
By Students Enrolled in At Least Their Second Year

Grade	Students in At Least Their 2 nd Year		
	Number Tested	Number Proficient	Percent Proficient
5	34	11	32%
8	49	25	51%
All	83	36	43%

Science Measure 2 - Comparative

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison.

HIGH SCHOOL SCIENCE

High School Science Measure 1 - Absolute

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.

New York State schools administer multiple high school science assessments; current Regent exams are Living Environment, Earth Science, Chemistry, and Physics. The school administered exam(s). This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort.

Science Regents Passing Rate with a Score of 65 by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Passing with at Least a 65 (c)	Percent Passing Among Students with Valid Score (c)/(a-b)
2018	2021-22	38	-	33	86.8%
2019	2022-23	32	30	1	50.0%
2020	2023-24	35	32	3	100%

High School Science Measure 2 - Comparative

Each year, the percent of students in the high school Total Cohort passing a Regents science exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

SUMMARY OF THE HIGH SCHOOL SCIENCE GOAL

Type	Measure	Outcome
Absolute	Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.	2020 and 2018 cohort exceeded, 2019 cohort did not meet. Majority of students for 2020 and 2019 cohort were exempt.
Comparative	Each year, the percent of students in the high school Total Cohort passing a Regents science exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.	N/A

GOAL 6: SOCIAL STUDIES

Students will meet and exceed state standards for mastery of skills and content knowledge in the area of social studies.

BACKGROUND

Social Studies Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Passing with at Least a 65 (c)	Percent Passing Among Students with Valid Score (c)/(a-b)
2018	2021-22	38	38	-	-
2019	2022-23	32	32	-	-
2020	2023-24	32	31	-	-

Social Studies Measure 2 - Comparative

Each year, the percent to students in the high school Total Cohort passing the Regents U.S. History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

2023-24 ACCOUNTABILITY PLAN PROGRESS REPORT

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

Social Studies Measure 3 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents Global History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

Global History Regents Passing Rate with a Score of 65
by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Passing with at Least a 65 (c)	Percent Passing Among Students with Valid Score (c)/(a-b)

2019	2022-23	32	32	-	-
2020	2023-24	21	-	21	100%

Social Studies Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort passing the Regents Global History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

Schools are not required to report attainment of this measure for 2023-24. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information.

SUMMARY OF THE SOCIAL STUDIES GOAL

HVA North Academy students were exempt from U.S. History the past 3 cohorts and Global History the previous 2 cohorts. The 2020 cohort did exceed the Global History goal.

GOAL 7: ESSA

ESSA Measure 1

Under the state’s ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school’s status under the state accountability system. More information on assigned accountability designations and context can be found [here](#).
