# DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

# DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

## DISTRICT 13

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

# DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

# DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

## DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

## DISTRICT 13

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

# DISTRICT 14

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

# DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

# DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

# DISTRICT 13

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 13.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

# DISTRICT 14

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

# DISTRICT 14

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

# DISTRICT 14

WINTER 2011

Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in Kindergarten through eighth grade. SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

WINTER 2011

**Success Charter Network plans to open a free, public charter school in Brooklyn that will serve students in kindergarten through eighth grade.** SCN will operate nine high-performing schools across New York City in the 2011-2012 school year. Parent demand for these schools is so high that there were over 7,000 applicants for just 1,100 spots last year. SCN recruits dedicated and talented teachers who teach students to work hard and go to college. The school has a safe learning environment, a longer school day, a high level of parental involvement, and a proven track record. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.
