New York – Upon recommendation of the SUNY Charter Schools Institute, the SUNY Board of Trustees' Charter Schools Committee ("Committee"), acting on behalf of the full SUNY Board of Trustees, today approved 6 resolutions to approve the applications for charter renewal of 6 SUNY authorized charter schools: 4 in or around New York City – in Brooklyn and Manhattan; and 2 in upstate New York – in Albany.

Additionally, the Committee approved 2 mergers and 1 charter revision.

SUNY charter schools currently serve over 56,000 New York students and their families. Ninety percent of SUNY authorized charter schools outperformed their district of location on the 2015 New York State mathematics assessment and 73% outperformed their district on the ELA assessment.

Brief summaries of each decision follow. Full Committee resolutions and reports can be found here: <http://www.suny.edu/about/leadership/board-of-trustees/meetings/meetingNotices.cfm>.

*SUNY is the largest charter school authorizer in New York State and the largest university-based charter school authorizer in the country. The SUNY Charter Schools Institute was created by the SUNY Board of Trustees to assist it in carrying out its responsibilities under the New York Charter Schools Act (the “Act”). Guided by the rigorous standards set by the SUNY Board of Trustees, the Institute’s oversight of SUNY authorized charter schools is comprehensive, including: evaluating initial applications for the opening of charter schools; ongoing oversight and evaluation of operating*

*schools; conducting a comprehensive evaluation when a school applies to renew its charter; and reporting to the school and the public on each school's performance and progress. Charter schools in New York trade greater autonomy for greater accountability for academic outcomes. Each charter school has a charter contract that is signed by its board of trustees and the authorizer of the school. As part of the contract, the accountability plan for each school establishes the academic goals that must be met and how those goals will be measured. Contracts last a maximum of five years as set by the Act. In order to continue operating, a charter school must apply to renew its charter at the end of each charter term. Receiving approval to continue operating is the core of accountability required by the Act.*
