SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 14 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 14
Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 14 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

Community School District 14 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 14 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

Community School District 14 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 14 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 14 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 14
Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 14. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 14.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neighborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neighborhood.

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15
Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 15.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 15 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 15. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 17 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 17. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 17 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 17. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neighborhood.

If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.

Community School District 17 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 17. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neighborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 17 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 17. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood

Community School District 17 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 17. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neigborhood.

Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.

To learn more visit www.successacademies.org/NewSchools.

I support this great new public school option coming into the neighborhood.

SUCCESS ACADEMY CHARTER SCHOOLS

Community School District 17 Community Petition

Success Academy Charter Schools – NYC (SA) is applying to open a free, public charter school in District 17. If approved, the school would open in August 2016 serving students in Kindergarten and 1st grade, and it would add one grade each year until it serves Kindergarten through 12th grade (pre-Kindergarten, middle school grades, and high school grades subject to government approval). SA will operate 32 high-performing schools across New York City in the 2014-2015 school year. Parent demand for these schools is so high that there were over 14,400 applicants for less than 3,000 spots this year. SA recruits dedicated and talented teachers, and its schools have a proven track record. On any given day, students might dive into a good book, sing songs, challenge a fellow student in chess, or score the winning soccer goal. Success Academy scholars are critical thinkers who love learning and are college-bound. Please sign below if you would be interested in sending your child to this school or would support this school opening in District 17.
